**NOTICE TO READER**

WHERE A CONFLICT EXISTS BETWEEN THE  
*ELECTION FINANCES ACT* AND THE GUIDELINES,  
THE *ELECTION FINANCES ACT* PREVAILS.

As a result of the repeal of sections 12 and 45 of the *Election Finances Act, 1986* and consolidation of the statutes, the *Election Finances Act, 1986* has been renamed the *Election Finances Act* and new numbering of the sections put in place. For your assistance a comparative list of the former and new section numbers has been prepared.

Act references in the Commission's guidelines refer initially to the *Election Finances Act, 1986* and then to the Revised Statutes of Ontario (RSO) 1990 in brackets.

For example:

- section 46 of the *Election Finances Act, 1986* (section 44 of the *Election Finances Act*, RSO 1990), or
- Act reference 7, 1986 [7, RSO 1990].

## INTRODUCTION TO GUIDELINES FOR CHIEF FINANCIAL OFFICERS

## GENERAL

- .01 These guidelines for chief financial officers have been created to clarify and expand upon the *Election Finances Act, 1986* and to make public various interpretations and administrative policies of the Commission on Election Finances.
- .02 The *Election Finances Act, 1986* will be applied by the Commission on Election Finances in accordance with the guidelines as published from time to time in the *Ontario Gazette*.
- .03 A complete set of guidelines is sent to all chief financial officers and auditors. Revisions will be sent only to the current chief financial officers and auditors. The table of contents indicates the date of issue of each guideline. Users should ensure that they possess the most recent version of each guideline. Individual guidelines or a complete set may be ordered, without charge, from the Commission on Election Finances.

## ABBREVIATIONS AND TERMINOLOGY USED

- .04 Definitions as found in the *Election Finances Act, 1986* will have the same meaning in these guidelines.
- .05 The following table indicates the abbreviations used in the guidelines:
- (a) "The Act" means the *Election Finances Act, 1986* (S.O. 1986, c.33, amended by S.O. 1987, c.5, and S.O. 1988, c.16) unless some other act is specifically referred to.
  - (b) "Act reference" means reference to the relevant section, subsection, clause or subclause in the *Election Finances Act*.
  - (c) "CFO" means Chief Financial Officer.
  - (d) "Commission" means the Commission on Election Finances.
  - (e) "Financial statements" means the required financial statements to be filed for:
    - (1) Registered political parties - annual - AR10  
- campaign period - CR4
    - (2) Registered constituency associations - annual - AR1  
- campaign period - CR3

- .06 Internal references to the guidelines will indicate the specific guideline first, followed by a period, followed by a paragraph reference. For example, G24 means Guideline G24 - Limit on Campaign Expenses. A reference to G24.07 means that the user should refer to paragraph .07 of Guideline G24.
- .07 References to the *Election Finances Act, 1986* will refer to section, subsection, clause or subclause. Use section 19 as an example.
- 19.—(1) Contributions by any person, corporation or trade union to political parties, constituency associations and candidates registered under this Act are limited to those set out in clauses (a) and (b) and shall not exceed,
- (a) in any year,
    - (i) \$4,000 to each registered party, and
    - (ii) \$750 to any registered constituency association, but in respect of registered constituency associations of a registered party, an aggregate of \$3,000 to constituency associations of each registered party; and
  - (b) in any campaign period in addition to contributions authorized under clause (a),
    - (i) \$4,000 in relation to the election in such period to each registered party, and
    - (ii) \$750 in relation to the election in such period to any registered candidate, but in respect of candidates endorsed by a registered party, an aggregate of \$3,000 to registered candidates of each registered party.

- (2) Where writs for two or more by-elections bear the same date and provide for the same polling day, all such by-elections shall be deemed one election for the purposes of clause (1) (b).

All of 19 is a section.

19 (1) is a subsection of section 19.

19 (1) (a) is a clause of subsection 19 (1).

19 (1) (a) (i) is a subclause of clause 19 (1) (a).

- .09 All guidelines and publications are available on request and in both English and French.

#### CONTRIBUTIONS TO PARTIES FOR TRANSMITTAL TO CONSTITUENCY ASSOCIATIONS OR CANDIDATES

- .01 Registered political parties may collect contributions on behalf of their registered constituency associations or registered candidates and turn over the contributions to such associations or candidates provided that the procedures set out in this guideline are observed. Contributions collected on behalf of registered candidates may be collected only during a campaign period which is defined in the Act as "the period commencing with the issue of a writ for an election and terminating three months after polling day".

- .02 Every registered political party employing this procedure must provide the Commission with a signed Declaration of Trust form and comply with the Commission's recording and reporting requirements set forth in Guideline PG03 available to party officials.

The signing of a Declaration of Trust by the party's CFO enables the party to accept contributions for its registered constituency associations and its candidates and requires the party's CFO to issue a tax credit receipt on behalf of the constituency association or candidate for every contribution accepted. The CFO must then forward the contributions promptly to the CFO of the constituency association or candidate on whose behalf the contributions have been accepted with the instruction that the contributions remitted be recorded as contributions for recording and reporting requirements of the Commission. Contribution tax credit receipts must be prepared by the party's CFO indicating clearly the name of the constituency association or candidate's campaign which is the beneficiary and recipient of the contribution. The written instruction from the party CFO which accompanies the cheque for the agency contributions accepted shall specify the applicable period in which the contribution must be reported.

- .03 The CFO of every constituency association or candidate of the party that has participated in the agency contribution procedure is responsible for ensuring that:

- (a) the annual or campaign period audited financial statements filed with the Commission record in the proper annual or campaign reporting period not only the contributions received directly, but also the agency contributions accepted by the party for the constituency association or candidate,
- (b) contributions received both directly and through the agency procedure from a single source do not in total exceed the maximum allowed under the Act, i.e. \$750 in a calendar year to the constituency association and \$750 to a candidate's campaign, and
- (c) the List of Contributors Totalling More Than \$100 which accompanies the annual or campaign audited financial statement records the aggregate of the direct and agency contributions from each source.

- .04 The contributions accepted by the party for a constituency association or a candidate are contributions of the association or candidate at the time they are deposited into the Party Trust Account. At the time financial statements are being prepared, it should be determined whether or not the party's CFO has agency contributions on hand that have not been forwarded.

- .05 Under no circumstances may a party accept such intended agency contributions as if they were for the benefit of the party itself. The agency contributions accepted on behalf of a particular constituency association or candidate's campaign must be receipted as such as specified in writing by the contributor and remitted to the ultimate designated beneficiary. Communication between the constituency association or candidate's campaign and the party is essential to ensure that the party is not inadvertently accepting a contribution which when aggregated with previous contributions in the relevant period would exceed the contributor's \$750 limit per constituency association or candidate and the \$3,000 overall limit.

- .06 A political party is entitled under the Act to transfer funds from the party to any of its constituency associations. Therefore, a political party may enter into an arrangement whereby it places in a central pool all contributions received and receipted by the party and transferred to constituency associations in accordance with a fixed percentage formula. Alternatively, a political party may aggregate all contributions collected for the party by a particular constituency association and pay a portion of the pool to that constituency association according to a fixed percentage formula applicable to all of its constituency associations. In these cases, the tax credit receipt issued by the party for the contribution collected by the constituency association must indicate the name of that constituency association thereon.

**RECEIPTS FOR CONTRIBUTIONS****GENERAL**

- .01 The Province of Ontario allows individuals tax credits from Ontario income tax for contributions made to registered political parties, registered constituency associations and registered candidates. Corporations carrying on business in the Province of Ontario are permitted to make a deduction from their Ontario income for their contributions within the limits permitted by the *Ontario Income Tax Act*.

Contributions to a registered leadership contestant made by individuals are **not eligible** for the tax credit and contributions made by a corporation are **not deductible** from Ontario income in computing Ontario taxable income.

- .02 Both individuals and corporations must attach a tax credit receipt to their tax returns in order to claim the benefits. Tax credit receipt forms will be supplied by the Commission to CFOs. This guideline outlines the responsibility of and procedures to be followed by CFOs with respect to tax credit receipts. Tax credit receipts must be issued for **all** contributions accepted in cash or by cheque, money order or credit card. Contributions of goods and services, other than the provision of voluntary unpaid labour, must also be acknowledged by a tax credit receipt except where their value is \$100 or less and the contributor indicates that the value is not to be considered a contribution. Cash contributions are limited to \$25.

**Act references 22 (2) and 26, 1986 [21 (2) and 25, RSO 1990]**

**SECURITY**

- .03 Tax credit receipt forms are valuable documents. These tax credit receipt forms should be stored in a secure place and proper records maintained by the CFO. The Commission strongly recommends that only CFOs on record with the Commission hold a supply of the forms. Only CFOs sign the form since it is their responsibility to ensure that all contributions allowed under the Act are acknowledged by the issuance of tax credit receipts.

**DISTRIBUTION**

- .04 Following registration notification being received by the Commission, each CFO will:
- (a) receive from the previous CFO the unused supply of tax credit receipt forms issued by the Commission to that person, and
  - (b) receive a supply of tax credit receipt forms from the Commission where there has not been a previously registered CFO and when the Commission is notified that a new supply is required.

**PROCEDURE**

- .05 There are two types of tax credit receipt forms to be used by political parties and constituency associations or candidates as the case may be. The forms are the same except that the candidate form has the prefix C in front of the serial number of each tax credit receipt and the word CANDIDATE in red at the foot of the form.

If the same CFO is appointed for both a candidate and a constituency association at the time of an election, the CFO must ensure the proper tax credit receipt form is used to acknowledge each contribution.

- .06 The tax credit receipt is a three-part form. Copy 1 is for the contributor. Copy 2 is for the Commission and Ministry of Revenue. Copy 3 is to be retained by the CFO.
- .07 The CFO should fill in the tax credit receipt form by indicating:
- the date of acceptance of the contribution. Normally this is the date the contribution was deposited. Contributions made by a credit card having the name of the individual contributor imprinted or embossed thereon are to be considered as accepted on the date the credit card voucher is deposited or submitted by the CFO to the credit card issuer for payment.
  - the date of issue of the tax credit receipt,
  - the name and address of the contributor,
  - whether the contributor is an individual, corporation or trade union,
  - the amount of the contribution. A dollar sign “\$” should appear immediately to the left of the first digit in the amount received box.
  - whether the contribution is in the form of (a) cash, cheque, money order, credit card, or (b) goods, services or advertising,
  - the name of the party, constituency association, or candidate’s campaign.
- .08 The CFO shall manually sign every tax credit receipt.
- .09 The CFO preparing to issue a tax credit receipt for a contribution received in the form of a cheque:
- (a) should ensure that the cheque is honoured on presentation to the bank as any tax credit receipts issued for cheques which might be returned for lack of sufficient funds will have to be recovered for cancellation.
  - (b) from an unincorporated organization or partnership as specified in Guideline G37 must first determine the names of the persons in the organization who shared in the contribution and the amount each contributed. The tax credit receipts must be issued to each person so named and not to the unincorporated organization or partnership.
  - (c) from an individual must ensure the contributor meets the requirement of being a resident in the Province of Ontario. Where the contribution is received from a business concern determined to be a sole proprietorship, the name of the owner must be determined and the tax credit receipt issued in the owner’s name, not in the name of the business.
  - (d) from a corporation must ensure that it meets the requirement of carrying on business in the Province of Ontario as specified in Guideline G21.
  - (e) from a corporation, individual or trade union must ensure the tax credit receipt is made out in the contributor’s name as it appears legibly printed on the contributor’s cheque regardless of any other direction received with the cheque.
  - (f) from a trade union, including central, regional or district labour councils in the Province of Ontario, must ensure the union has bargaining rights in the Province of Ontario for its members.
- .10 Contributions received in an envelope postmarked prior to the end of the applicable reporting period, or received on the last day of the reporting period, which cannot be deposited because the financial institution where the account is held is closed, must be recorded in the accounting records as an outstanding bank deposit on the last day of the reporting period and tax credit receipts issued as of that date. Each outstanding deposit should be deposited on the next available banking day.
- .11 CFOs of parties, constituency associations and candidates when filing financial statement(s) must forward to the Commission:
- (a) the second copy of all tax credit receipts for contributions accepted in the reporting period ensuring that the total agrees with the contributions reported in the financial statement(s). If the figures are not in agreement, and the source of the contribution is unknown, section 18 of the *Election Finances Act, 1986* (section 17 of the *Election Finances Act*, RSO 1990) requires the payment of the anonymous contribution to the Commission.
  - (b) the original and second copy of all cancelled tax credit receipts relative to the period reported in the financial statement(s).
  - (c) an accounting of all tax credit receipts. Therefore, a reconciliation of all unused tax credit receipts at the commencement of the particular period, used tax credit receipts and those remaining is to be filed with the Commission. The Commission must be informed of any situations where tax credit receipts have been issued for contributions received by cheque, but the cheque has been returned N.S.F. and the contributor has not provided a replacement cheque which has been honoured by the bank.
- .12 The unused supply of **candidate tax credit receipt forms** must be returned to the Commission not later than the filing date of the candidate’s campaign period financial statement.
- .13 Where the return of a contribution is necessary and:
- (a) the contributor fails to return the applicable tax credit receipt for cancellation, the contribution is to be paid to the Commission.
  - (b) the contributor returns the applicable tax credit receipt, the contributor’s copy and the Commission’s copy should be marked cancelled and both copies should be filed with the Commission with the audited financial statement(s).

**Act reference 18, 1986 [17, RSO 1990]**

- .14** When it is necessary to issue a replacement tax credit receipt, write the word "Replacing" and indicate the serial number of the original tax credit receipt on the replacement tax credit receipt issued. All details on the replacement tax credit receipt should be the same as those shown on the original tax credit receipt, i.e. date received, etc. In lieu of issuing another tax credit receipt, the CFO may provide the contributor with a photostatic copy of the CFO's copy of the original tax credit receipt issued, but the photostatic copy must have written on it the words "Certified True Copy" and bear a new signature of the CFO.

**TAX CREDIT ON CONTRIBUTIONS TO POLITICAL PARTIES,  
CONSTITUENCY ASSOCIATIONS AND CANDIDATES**

- .15** The allowable tax credits from Ontario income tax for an individual taxpayer are:

75% of the first \$200 of total contributions, and  
50% of the next \$600 of total contributions, and  
33 1/3% of total contributions exceeding \$800 up to \$1,700.

The maximum credit allowable is \$750.

Contributions to leadership candidates are not eligible for a tax credit.

- .16** An individual's Ontario income tax payable must be reduced by the total of the property tax credit, sales tax credit and pensioner tax credit before the political contribution tax credit may be claimed. If no provincial income tax is payable after claiming property, sales and pensioner credits, then the political contribution tax credit may not be claimed. In other words, there must be provincial income tax payable in order to be able to claim the political contribution tax credit and the credit claimed cannot exceed the amount of the Ontario tax payable.
- .17** Corporations may deduct up to \$7,000 from their Ontario income. Contributions in excess of \$7,000 may be carried forward for deduction in future taxable years.
- .18** A political contribution tax credit may be claimed by either the contributor or the contributor's spouse. That is, tax credit receipts for political contributions are transferable between spouses. However, a single contribution for which one tax credit receipt is issued cannot be divided between spouses. It must be claimed entirely by one spouse or the other.

**ACCEPTANCE OF CONTRIBUTIONS**

- .19** If a cheque for a contribution is drawn on a joint personal bank account, the tax credit receipt should be issued only to the person who signed the cheque. Where two people have signed a cheque drawn on a joint personal bank account, the CFO should determine who made the contribution and prepare the tax credit receipt(s) accordingly.
- .20** The use of post-dated cheques is not prohibited because they are not negotiable before their effective date. Cheques, whether or not they are post-dated, are not considered as accepted contributions until deposited. A contribution by post-dated cheque must still comply with the contribution limits.

**Act references 17 (2), 17 (3) and 19 (1), 1986  
[16 (2), 16 (3) and 18 (1), RSO 1990]**

- .21** Only contributions solicited for general purposes or for the specific purposes of the Act are eligible for a tax credit receipt. The Commission has interpreted the purposes of the Act to be the election of candidates to the Legislative Assembly of Ontario and activities necessarily incidental thereto. Although contributions donated for other specific purposes may be accepted, they do not qualify for tax credit receipts.

**Act reference 1 (1), 1986 [1 (1), RSO 1990]**

- .22** Contributions may not be accepted which have conditions or restrictions attached. The only exceptions are funds given to a registered political party or constituency association covering fees for meetings, seminars, workshops or conferences, including leadership contests, provided that such events are sponsored by the political party or constituency association and are held in Ontario. Attendance at such events is considered to be part of the Ontario political process and, therefore, such contributions are accepted for the purposes set forth in the Act. Where the registration fee includes hotel, meal and travel costs, the entire amount of the fee will be considered to be a contribution. However, a contributor may not designate (other than as provided for agency contributions in Guideline G19) that funds equivalent to the contribution ultimately be transferred to the political party, to another constituency association or to a candidate as the case may be.
- .23** Under no circumstances may a party accept intended agency contributions as if they were for the benefit of the party itself. The contributions which are accepted on behalf of a particular constituency association or candidate's campaign as provided for in Guideline G19, must be receipted in the name of the particular constituency association or candidate's campaign as specified in writing by the contributor and remitted to the ultimate designated beneficiary.

**REFUND OF CONTRIBUTIONS**

- .24** A registered political party, constituency association or candidate may return a contribution to the contributor. However, in such a situation, since the money contributed was not used for a political purpose, the contributor is not entitled to a tax credit receipt for that portion of the contribution returned. Accordingly, such contributions can only be refunded after obtaining the tax credit receipt issued to the contributor for that contribution.
- .25** If a contributor wants to make a contribution with the understanding that these funds would be returned at a future date such a contribution would be considered conditional and as such tantamount to a loan. **Such conditional contributions are prohibited under the Act and cannot be accepted.**

**CAMPAIGN ADVERTISING LIMITATIONS - TIME AND RATES**

- .01** The Act places certain limitations on campaign advertising carried on by a registered political party, constituency association and candidate during a campaign. First, there are restrictions on the times during which campaign advertising may be carried on. Second, there are restrictions on the rates that may be charged by broadcasting or publishing facilities for such advertising.

**LIMITS ON TIME**

- .02** During a campaign period, campaign advertising may be carried on only by a registered political party, constituency association or candidate or by any person, corporation, or trade union acting with the knowledge and consent of the political party, constituency association or candidate. The time period begins twenty-two days before polling day and ends at midnight on the day which is two days before polling day. For example, if polling day were May 28, then campaign advertising could be done only during the period from May 6 through May 26 inclusive.

The prohibition for the publication of a campaign advertisement does not apply to:

- (a) the publication of a campaign advertisement on the day immediately preceding polling day by a newspaper which is published in the Province of Ontario only once a week and whose day of regular publication falls on the day before polling day, and
- (b) a campaign advertisement on the day immediately preceding polling day and on polling day through the use of any commercial billboard advertising facility, or in a public bus shelter or on a bus, street car or at a subway station forming part of a publicly-operated transit system.

**Act references 38 (1) and 38 (3), 1986 [37 (1) and 37 (3), RSO 1990]**

- .03** Campaign advertising is defined as advertising on the facilities of any broadcasting undertaking, the publication of an advertisement in a newspaper, magazine, or other periodical publication or through the use of outdoor advertising facilities, for the purpose of promoting or opposing any registered political party or the election of or opposing a registered candidate.

**Act reference 38 (1), 1986 [37 (1), RSO 1990]**

- .04** Outdoor advertising facilities are defined as facilities, other than radio, television and newspapers, magazines and other periodical publications, of any person or corporation in the business of providing such facilities on a commercial basis for advertising purposes. For example, campaign advertising by a registered candidate through the use of a commercial billboard cannot commence prior to the twenty-one day period, whereas campaign advertising by way of individual signs made up by the candidate or the candidate's organization would not be so limited. Note that this twenty-one day time limitation also applies to the use of commercial sound trucks for the purpose of campaign advertising.

- .05** However, this twenty-one day time limitation does **not** apply to:

- (a) advertising of public meetings in constituency associations;
- (b) announcing candidate or constituency association headquarters' locations;
- (c) advertising for volunteer campaign workers;
- (d) announcing services for electors by candidates or constituency associations respecting enumeration and revision of lists of electors;
- (e) announcing services for electors on polling day, or
- (f) any other matter respecting administrative functions of constituency associations, provided that such advertisements, announcements and other matters are done in accordance with the guidelines of the Commission.

**Act reference 38 (2), 1986 [37 (2), RSO 1990]**

The Commission has determined, therefore, that while it is permissible for such an advertisement or announcement to contain the name of the candidate and/or the political party, and to include a picture of the candidate and/or the logo of the political party, **a reference to the particular exempt service or activity listed in subsection 38(2) of the Election Finances Act, 1986 (subsection 37(2) of the Election Finances Act, RSO 1990) must constitute the dominant feature of such advertisement or announcement.** Further, such advertisement or announcement must not contain any slogan, motto or other wording promoting the candidate or registered party, or opposing another candidate or registered party, such as "join the winning team", "work for continued good government", "our candidate is best qualified", etc.

Note that the twenty-one day limitation on advertising does not apply to fund-raising functions or campaigns and conventions carried on or held in relation to contested constituency nominations for endorsement of official party candidates provided the advertisement content conforms with this guideline.

**LIMITS ON RATES TO BE CHARGED**

- .06** During the twenty-one day period referred to in Guideline G23.02, no person or corporation may charge a rate for broadcasting time for campaign advertising that exceeds the **lowest** rate charged by the broadcasting facility to any other person in that period for an equal amount of equivalent time on that broadcasting facility. This means that a registered political party, a registered constituency association, or a registered candidate, or anyone acting with the knowledge and consent of the political party, constituency association or candidate, is entitled to the **lowest** rate for television or radio time that is available to any other customer of the broadcasting facility for the same amount of air time in an equivalent time slot during the twenty-one day period.

**Act reference 38 (4) (a), 1986 [37 (4) (a), RSO 1990]**

- .07 During the twenty-one day period referred to in Guideline G23.02, no person or corporation may charge for campaign advertising space a rate exceeding the publishing facility's lowest rate charged to any other person in that period for an equal amount of equivalent advertising space in its publication. This means that a registered political party, constituency association or candidate, or anyone acting with the knowledge and consent of the political party, constituency association or candidate, is entitled to the publishing facility's lowest rate for advertising space available to any other customer for the equivalent amount of space and location value in the publication published or distributed and made public during the twenty-one day period.

**Act reference 38 (4) (b), 1986 [37 (4) (b), RSO 1990]**

- .08 It is recognized that, in certain media, advertising rates may depend upon the volume of time or space purchased over the year. For the purposes of the Act, the lowest rate shall refer to the lowest rate available to any other customer purchasing advertising equivalent to the total volume of campaign advertising carried on by or on behalf of a registered political party, constituency association or candidate during the twenty-one day period.

**OTHER MATTERS**

- .09 A broadcasting facility may provide time without charge to registered political parties and candidates in accordance with the provisions of and Regulations and guidelines under the **Broadcasting Act (Canada)**. The provision of such free time to political parties or candidates shall not be considered to be a contribution or an election expense for the purposes of the Act.

**Act reference 23 (2), 1986 [22 (2), RSO 1990]**

- .10 Where any person, corporation or trade union, with the knowledge and consent of a political party or candidate registered under the Act, promotes the political party or the election of the candidate or opposes any other registered political party or the election of any other registered candidate by advertising on the facilities of any broadcasting undertaking or by publishing an advertisement in any newspaper, magazine or other periodical publication or printed leaflets, pamphlets or other documents or through the use of any outdoor advertising facility and the amount of the cost thereof:

- (a) in the case of any single such political advertisement is more than \$100; and
- (b) in the case of any such political advertisements from a single source broadcast or published in any year, excluding any campaign period or part thereof in that year, or in any campaign period in the aggregate exceeds \$100,

such amount shall be considered to be a contribution and, if done during the relevant period, a campaign expense for the purposes of the Act to the political party or candidate with whose knowledge and consent the political advertising was done.

**Act reference 23 (1), 1986 [22 (1), RSO 1990]**

- .11 A publisher may publish any bona fide news stories including interviews, commentaries, or other works prepared for and published by any newspaper, magazine or other periodical publication without charge to any political party, constituency association, or candidate. The publication of such material is not considered to be political advertising under the Act.

A broadcasting facility may similarly broadcast bona fide news stories subject, however, to the provisions of and Regulations and guidelines under the **Broadcasting Act (Canada)**.

**Act references 23 (6) and 38 (3) (c), 1986 [22 (6) and 37 (3) (c), RSO 1990]**

- .12 Pre-campaign advertising literature purchased by a constituency association for the use of a registered candidate after the issue of a writ for an election must be accounted for as an expense of the campaign either by the candidate or the constituency association as explained in Guideline G25.

- .12a There may be other examples of apparent advertising methods that must be accounted for as a campaign expense and bear proper authorization as referred to in G23.13 but are not restricted to the twenty-one day time limitation. These would include such things as brochures, pamphlets, placecards, posters, lawn signs, calling cards, novelty items, menus, place mats and shopping bags.

- .12b Promotion of a candidate or a political party by such means as menus, place mats, or shopping bags must be accounted for. Where the political advertising is simply added to an existing product used by a third party, such as menus or place mats by a restaurant or shopping bags by a super market, then the expense is the incremental cost of that advertising. Costs would include direct identifiable costs such as artwork and special dyes. However, when the product itself is distributed by the candidate's campaign or by the party, the entire cost of the product is a campaign expense. For example, the candidate hands out place mats or shopping bags to the public. In this case, the cost must be comparable to that charged to similar customers. All such advertising must bear proper authorization as referred to in Guideline G23.13.

- .12c To avoid being considered a campaign expense and therefore not restricted by the twenty-one day allowable advertising period under the Act, the content of any advertisements placed by a person seeking the nomination in the period between the issue of a writ for an election and polling day must be of a non-partisan nature in conformity with Guideline G23.05.

**AUTHORIZATION OF POLITICAL ADVERTISING**

- .13 All political printed advertising, handbills, placards, posters and broadcast or telecast advertisements shall bear or make reference to the name of the registered constituency association, registered political party, person, corporation or trade union authorizing the political advertising.

**Act reference 23 (5), 1986 [22 (5), RSO 1990]**

## CAMPAIGN MATERIALS INVENTORY AND PREPAID CAMPAIGN EXPENSES

- .01 The Act defines campaign expenses to include the value of any goods held in inventory for any candidate or political party for use during a campaign period.

Act reference 1 (1), 1986 [1 (1), RSO 1990]

- .02 The Act also provides that transfers of goods held in inventory for any candidate for use during a campaign period will be considered to be a campaign expense.

Act reference 28, 1986 [27, RSO 1990]

- .03 What constitutes inventory of campaign materials and prepaid campaign expenses may cause some concern. The Commission considers that inventory will normally consist of such things as lawn stakes, sign supports, usable literature, signs and other campaign materials.

Prepaid campaign expenses will consist of such things as the cost of consulting services, production costs of advertising for use during the campaign and deposits for campaign offices and equipment. These will not include pre-writ media production expenses incurred in connection with the ongoing activities of the political party or constituency association, but will include:

- (a) product which is created thereby and used in the election, and
- (b) expenses incurred with the predominant purpose of creating product for use in the election.

Information is available from the statement of expenses, i.e. an analysis of the nature of the expense, to determine what is properly inventory and prepaid expense. At the end of the reporting period this amount should not be left in the expense total but should be deducted and shown as an asset adjustment. In a campaign period it is important to display the value of such inventory and prepaid campaign expense as part of the total campaign expenditure. The overall campaign expenses are affected by the inventory adjustment.

- .04 Prior to the issue of a writ for an election, all expenses relating to a potential campaign should be accumulated and transferred to an inventory account. Once there has been a writ for an election, the value of all expenses and materials in the inventory account should be transferred to the campaign period accounts, to a candidate's accounts or, in the case of the party, to its campaign period accounts or as transfers to constituency associations' or candidates' campaign accounts.

Market price will normally be used as the basis for determining the value of inventory transferred into the campaign accounts. Market price can be determined in several ways, the more prevalent methods being:

- (a) recent invoices or quoted price
- (b) the lower of replacement or reproduction cost, or
- (c) the price of recent comparable sales.

In the case of acquisitions made within one year of the writ, the invoice price should be used. In valuing campaign materials available for the candidate's use which were left from a previous campaign, replacement or quoted price should be used. All reusable materials from a previous campaign should be included. This price will vary across the province and is dependent upon local supply, competition and the constituency association's ability to produce its own signs or secure salvage material, for example, to construct signs. In all instances, proper documentation should be prepared to substantiate any opening inventory value.

- .05 If at the end of a reporting period a writ for an election has not been issued, the value of inventory of campaign materials and prepaid campaign expenses should be shown as an asset on the statement of assets and liabilities.
- .06 The inventory of reusable campaign materials remaining at the end of the campaign period should be transferred from the campaign period accounts back to the regular accounts of the constituency association or party, as the case may be. The value of this remaining inventory **must not** be deducted from campaign expenses subject to limitation.

The Candidate's CFO should determine the quantity of reusable campaign materials **and** the value of each item. A detailed list of these items and their value should be made. Their value should be determined as follows:

- a) if on hand at the start of the campaign period, use the value determined at that time.
- b) if acquired during the campaign, value at invoice price.

**All reusable campaign materials remaining at the end of a campaign period must be valued and reported but must not be deducted from campaign expenses subject to limitation. All inventory remaining at the end of a campaign period must be included at the start of any subsequent campaign.**

- .07 Transfers of inventory between the candidate's campaign account and the constituency association can be handled most easily by allowing the constituency association to handle all inventory related expense items. As campaign expenses are incurred by the association prior to the writ of election, they should be accumulated in an inventory account. As of the date of the writ of election, the accumulated amount in the inventory account should be transferred to the campaign expenses account at fair market value. At the end of the campaign, any value of reusable campaign materials should be transferred back to the constituency association at the same value. To avoid the possibility of over-expenditure of campaign expenses the candidate's CFO, if not the same as the constituency association's CFO, should be consulted and should approve all expenditures and transfers related to inventory.

- .08 In the case of a candidate transfers of inventory between the constituency association and the candidate's campaign account can also be handled by transferring both campaign expenses prepaid prior to the writ of election and the value of inventory using the account "transfers

received from constituency association''. In the case of a constituency association campaign expenses and current purchases of campaign materials can be handled by using the account "transfers paid out to the candidate's campaign''. This method will involve some extra bookkeeping. In order to keep track of the total campaign expenses, the related transfer entries in the accounts and in the preparation of the required forms to be filed with the Commission, close communication between the candidate's and constituency association's CFOs will be essential.

- .09 Transfers of inventory from the party and back again involving the constituency association's or the candidate's campaign account should be monitored closely by all the CFOs involved. Failure to do so could result in over-expenditure of campaign expenses or in a failure to report all transfers on the required reporting forms. The accounting method followed can be either of those outlined in Guidelines G25.07 and G25.08.
- .10 Every audited annual financial statement of each registered party and constituency association must be accompanied by a detailed list of reusable campaign materials inventory, prepaid campaign expenses and current purchases of campaign materials in support of the total value of such items shown in the statement of assets and liabilities. The prescribed schedule form for the listing is included with each financial statement form required to be filed.
- .11 Every campaign period financial statement of each registered party, constituency association and candidate must be accompanied by a detailed list of opening reusable campaign materials, prepaid campaign expenses and current purchases of campaign materials in support of the total of the value of such items transferred into the party, constituency association or candidate's campaign accounts. In addition, a separate list of reusable campaign materials inventory at the close of the campaign is to be provided. The prescribed schedule form for the listing is included with each financial statement form required to be filed.

#### ACTIVITIES OUTSIDE THE PURPOSES OF THE ACT

- .01 The solicitation of funds by a registered political party, constituency association or candidate must be for the purposes underlying the Act in order to qualify for the tax credit under the *Income Tax Act* (Ontario) or the deduction under the *Corporations Tax Act* (Ontario). In this regard, the Commission has interpreted the "purposes underlying the Act" to be the election of candidates to the Legislative Assembly of Ontario and activities necessarily incidental thereto.

**Act references 10 (1), 11 (1) and 14 (2), 1986  
[10 (1), 11 (1) and 13 (2), RSO 1990]**

- .02 Contributions to a registered political party, constituency association or candidate which are expressly solicited for purposes other than the purposes of the Act, while not prohibited under the Act, do not qualify for the tax credit under the *Income Tax Act* (Ontario) or the deduction under the *Corporations Tax Act* (Ontario).

For example, over the years the Commission has ruled in a variety of cases that certain contributions solicited for specific purposes do not qualify for a tax credit receipt. Such specific purposes include: to assist refugees; to finance candidates at a municipal election; to provide landscaping for a public park; to fund advertising for "peace education"; to fund a candidate running for an office within a political party; to foster improved relations with Latin America; to support the YES Committee in the recent federal referendum; and to pay legal costs for an officer of a constituency association in defending a lawsuit. Generally speaking, funds raised from solicitations for groups or causes which would not themselves be entitled to issue either charitable or political tax credit receipts will not be eligible for tax credit receipts in Ontario.

- .03 The Act does not apply to campaigns and conventions relating to contested constituency nominations for endorsement of official party candidates. Accordingly, monies given by supporters to a person contesting a constituency nomination and any fees paid by persons attending such conventions do not constitute contributions for purposes of the Act. To illustrate: solicitations for the purpose of electing more women to the Legislative Assembly are eligible for a tax credit receipt; while solicitations for the specific purpose of assisting women to contest constituency nominations would not qualify for a tax credit receipt.

**Act reference 1 (3), 1986 [1 (3), RSO 1990]**

- .04 Similarly, the Act does not provide for the issuance of tax credit receipts for contributions to leadership contestants. Hence, funds raised for the specific purpose of assisting contestants to win the leadership of a political party or to reimburse such contestants for their leadership campaign expenses do not qualify for tax credit receipts.
- .05 Expenses incurred by a person seeking nomination as an official party candidate, or as the leader of a party prior to the official call, are not expenses which the contestant is required to report to the Commission.
- .06 No tax credit receipts are to be issued for the type of contributions referred to in paragraphs .02 and .03 above.

However, all such contributions must be recorded separately in the financial records of the political party, constituency association or candidate and reported to the Commission.

**Act references 1 (1), 42 and 43, 1986 [1 (1), 41 and 42, RSO 1990]**

- .07 No political party, constituency association, candidate or leadership contestant registered under the Act shall directly or indirectly contribute or transfer funds to a federal political party registered under the *Canada Elections Act*, any federal constituency association or any candidate at a federal election except as permitted under the Act as set out in Guideline G33.06.

- .03** If the political party fails to make an application to the Commission for registration during the one year period for which the name and abbreviation, if any, were reserved, the party does not have an automatic right to have the name and/or abbreviation reserved for an additional period of time. However, the political party may reapply to the Commission to reserve the proposed name and abbreviation, if any, for a further period of one year. In considering a request to renew such a reservation, the Commission will take into account whether the party has made a bona fide attempt to obtain the necessary number of signatures from eligible voters endorsing the application for registration and whether the party has been granted previous renewals of its proposed name and/or abbreviation.

**ACCOUNTING METHODS:** The accounting methods set out below are to be followed when preparing all Statements of Assets and Liabilities, as well as all Statements of Income and Expenses that are required to be filed with the Commission in compliance with the Election Finances Act.

**ACCRUAL BASIS:** The accrual basis of accounting is to be observed whereby expenses are recorded on the books of the association when they are incurred. Similarly, income is recorded when earned. However, contributions must be recorded as income only when accepted by the Chief Financial Officer. This exception is due to the uncertainty of collecting amounts pledged.

**SECURITIES:** Bonds, stocks and other securities should be valued at quoted market value on the date of the initial Statement of Assets and Liabilities. Securities purchased subsequently should be valued at cost. When securities are sold, any resulting profit or loss should be reflected in the Statement of Income and Expenses.

**FURNITURE AND EQUIPMENT:** Furniture, fixtures, printing and computer equipment, etc. should be expensed when purchased. The existence of such assets may be indicated on the Statement of Assets and Liabilities at the nominal value of \$1.

CONSTITUENCY ASSOCIATION  
ANNUAL FINANCIAL STATEMENTS  
Pursuant to Subsection 41(4) of the Election Finances Act, 1986  
(Subsection 40(4) of the Election Finances Act, RSO 1990)

To \_\_\_\_\_, Chief Financial Officer  
of the \_\_\_\_\_ Constituency Association:

I/we have audited the statement of assets and liabilities of \_\_\_\_\_ as at December 31, 19\_\_\_\_ and the statement of income and expenses for the year then ended. These financial statements are the responsibility of the chief financial officer. My/our responsibility is to express an opinion on these financial statements based on my/our audit.

Except as explained in the following paragraph, I/we conducted my/our audit in accordance with generally accepted auditing standards. Those standards require that I/we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the chief financial officer as well as evaluating the overall financial statement presentation.

Due to the nature of the types of transactions inherent in organizations of this type, it is impracticable through auditing procedures to determine that the accounting records include all income and expenses for the year. Accordingly, my/our verification of these transactions was limited to the amounts recorded in the accounting records of the association and I was/we were not able to determine whether any adjustments might be necessary to income and expenses, assets or liabilities, and surplus/deficit.

In my/our opinion, except for the effect of adjustments, if any, which I/we might have determined to be necessary had I/we been able to satisfy myself/ourselves as to the completeness of the records as described in the preceding paragraph, these financial statements present fairly, in all material respects, the financial position of the association as at December 31, 19\_\_\_\_ and the income and expenses for the year then ended in accordance with the accounting principles disclosed in the notes to the financial statements.

The Act does not require me/us to report, nor was it practicable for me/us to determine, that contributions reported include only those which may be properly retained in accordance with the provisions of the Act.

## AUDITOR'S REPORT

POLITICAL PARTY  
ANNUAL FINANCIAL STATEMENTS  
Pursuant to Subsection 41(4) of the Election Finances Act, 1986  
(Subsection 40(4) of the Election Finances Act, RSO 1990)

To \_\_\_\_\_, Chief Financial Officer  
of the \_\_\_\_\_ Political Party:

I/we have audited the statement of assets and liabilities of \_\_\_\_\_ as at December 31, 19\_\_\_\_ and the statement of income and expenses for the year then ended. These financial statements are the responsibility of the chief financial officer. My/our responsibility is to express an opinion on these financial statements based on my/our audit.

Except as explained in the following paragraph, I/we conducted my/our audit in accordance with generally accepted auditing standards. Those standards require that I/we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the chief financial officer as well as evaluating the overall financial statement presentation.

Due to the nature of the types of transactions inherent in organizations of this type, it is impracticable through auditing procedures to determine that the accounting records include all income and expenses for the year. Accordingly, my/our verification of these transactions was limited to the amounts recorded in the accounting records of the political party and I was/we were not able to determine whether any adjustments might be necessary to income and expenses, assets or liabilities, and surplus/deficit.

In my/our opinion, except for the effect of adjustments, if any, which I/we might have determined to be necessary had I/we been able to satisfy myself/ourselves as to the completeness of the records as described in the preceding paragraph, these financial statements present fairly, in all material respects, the financial position of the political party as at December 31, 19\_\_\_\_ and the income and expenses for the year then ended in accordance with the accounting principles disclosed in the notes to the financial statements.

The Act does not require me/us to report, nor was it practicable for me/us to determine, that contributions reported include only those which may be properly retained in accordance with the provisions of the Act.

This image shows a handwriting practice sheet. It consists of 15 rows. Each row is defined by three horizontal lines: a top line, a middle line, and a bottom line. On the left side of each row, there is a small diagonal line segment that starts from the middle line and goes down to the bottom line, slanting to the right. This pattern of lines is repeated down the page to provide a guide for letter height and placement.

CANDIDATE  
CAMPAIGN PERIOD FINANCIAL STATEMENTS  
Pursuant to Subsection 41(4) of the Election Finances Act, 1986  
(Subsection 40(4) of the Election Finances Act, RSO 1990)

To \_\_\_\_\_, Chief Financial Officer

For \_\_\_\_\_, Candidate:

I/we have audited the statement of assets and liabilities of \_\_\_\_\_ as at \_\_\_\_\_, 19\_\_\_\_ and the statement of campaign period income and expenses for the campaign period from \_\_\_\_\_, 19\_\_\_\_ to \_\_\_\_\_, 19\_\_\_\_ relating to the Ontario election held \_\_\_\_\_. These financial statements are the responsibility of the chief financial officer and candidate. My/our responsibility is to express an opinion on these financial statements based on my/our audit.

Except as explained in the following paragraph, I/we conducted my/our audit in accordance with generally accepted auditing standards. Due to the nature of the types of transactions inherent in any election campaign, it is impracticable through auditing procedures to determine that the accounting records include all income and expenses for the campaign period. Accordingly, my/our verification of these transactions was limited to the amounts recorded in the candidate's election campaign records and I was/we were not able to determine whether any adjustments might be necessary to income and expenses, assets or liabilities, and surplus/deficit.

In my/our opinion, except for the effect of adjustments, if any, which I/we might have determined to be necessary had I/we been able to satisfy myself/ourselves as to the completeness of the records as described in the preceding paragraph, these financial statements present fairly, in all material respects, the financial position of the candidate's election campaign as at \_\_\_\_\_, 19\_\_\_\_ and the income and expenses for the campaign period from \_\_\_\_\_, 19\_\_\_\_ to \_\_\_\_\_, 19\_\_\_\_ in accordance with the accounting principles disclosed in the notes to the financial statements.

The Act does not require me/us to report, nor was it practicable for me/us to determine, that contributions reported include only those which may be properly retained in accordance with the provisions of the Act.

## AUDITOR'S REPORT

**CONSTITUENCY ASSOCIATION  
CAMPAIGN PERIOD FINANCIAL STATEMENT**  
Pursuant to Subsection 41(4) of the Election Finances Act, 1986  
(Subsection 40(4) of the Election Finances Act, RSO 1990)

To \_\_\_\_\_, Chief Financial Officer  
of the \_\_\_\_\_ Constituency Association:

I/we have audited the statement of income and expenses of \_\_\_\_\_ for the campaign period from \_\_\_\_\_ to \_\_\_\_\_ relating to the Ontario election held on \_\_\_\_\_. The financial statement is the responsibility of the chief financial officer. My/our responsibility is to express an opinion on the financial statement based on my/our audit.

Except as explained in the following paragraph, I/we conducted my/our audit in accordance with generally accepted auditing standards. Those standards require that I/we plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by the chief financial officer as well as evaluating the overall financial statement presentation.

Due to the nature of the types of transactions inherent in organizations of this type, it is impracticable through auditing procedures to determine that the accounting records include all income and expenses for the year. Accordingly, my/our verification of these transactions was limited to the amounts recorded in the accounting records of the association and I was/we were not able to determine whether any adjustments might be necessary to income and expenses.

In my/our opinion, except for the effect of adjustments, if any, which I/we might have determined to be necessary had I/we been able to satisfy myself/ourselves as to the completeness of the records as described in the preceding paragraph, the financial statement presents fairly, in all material respects, the income and expenses for the campaign period in accordance with the accounting principles disclosed in the notes to the financial statement.

The Act does not require me/us to report, nor was it practicable for me/us to determine, that contributions reported include only those which may be properly retained in accordance with the provisions of the Act.

(Subsection 40(4) of the Election Finances Act, RSO 1990)

To \_\_\_\_\_, Chief Financial Officer  
of the \_\_\_\_\_ Political Party:

I/we have audited the statement of income and expenses of \_\_\_\_\_ for the campaign period from \_\_\_\_\_ to \_\_\_\_\_ relating to the Ontario election held on \_\_\_\_\_. The financial statement is the responsibility of the chief financial officer. My/our responsibility is to express an opinion on the financial statement based on my/our audit.

## AVIS AUX LECTEURS

### EN CAS DE CONFLIT ENTRE LA LOI ET LES LIGNES DIRECTRICES, LA LOI SUR LE FINANCEMENT DES ÉLECTIONS L'EMPORTE.

À la suite des abrogations des articles 12 et 45 de la **Loi de 1986 sur le financement des élections** et de la codification des lois, ladite loi a reçu un nouveau titre, à savoir **Loi sur le financement des élections**, et les articles ont été renumérotés. Nous avons rédigé une liste de comparaison des anciens et des nouveaux numéros d'article pour vous faciliter les choses.

Les renvois à la loi insérés dans les Lignes directrices de la Commission se rapportent tout d'abord à la **Loi de 1986 sur le financement des élections** et en second lieu, aux Lois refondues de l'Ontario (L.R.O.) 1990, entre crochets.

Par exemple :

- article 46 de la **Loi de 1986 sur le financement des élections** (article 44 de la **Loi sur le financement des élections**, L.R.O. 1990), ou
- **Renvoi à la loi 7, 1986 [7, L.R.O. 1990].**

#### INTRODUCTION AUX LIGNES DIRECTRICES À L'INTENTION DES DIRECTEURS DES FINANCES

##### GÉNÉRALITÉS

- .01 Les présentes Lignes directrices à l'intention des directeurs des finances visent à éclaircir et à commenter la *Loi de 1986 sur le financement des élections* et à rendre publiques diverses interprétations et politiques administratives de la Commission sur le financement des élections.
- .02 La Commission sur le financement des élections appliquera la *Loi de 1986 sur le financement des élections* conformément aux Lignes directrices publiées à l'occasion dans la *Gazette de l'Ontario*.
- .03 Un jeu complet des Lignes directrices est envoyé à tous les directeurs des finances et vérificateurs. Les révisions ne seront envoyées qu'aux directeurs des finances et vérificateurs actuels. La table des matières indique la date de publication de chaque Ligne directrice. Les utilisateurs feraient bien de vérifier s'ils possèdent la plus récente version de chaque Ligne directrice. On peut commander, sans frais, telle ou telle Ligne directrice ou un jeu complet à la Commission sur le financement des élections.

##### ABRÉVIATIONS ET TERMINOLOGIE UTILISÉES

- .04 Les définitions inscrites dans la *Loi de 1986 sur le financement des élections* gardent la même signification dans les présentes Lignes directrices.
- .05 Le tableau suivant indique les abréviations utilisées dans les Lignes directrices :
  - (a) Par «la loi», on entend la *Loi de 1986 sur le financement des élections* (L.O. 1986, chap. 33, modifiée par L.O. 1987, chap. 5 et L.O. 1988, chap. 16) à moins qu'il ne s'agisse d'une autre loi expressément désignée.
  - (b) Par «renvoi à la loi», on entend le renvoi à un article, à un paragraphe, à un alinéa ou à un sous-alinéa de la Loi sur le financement des élections.
  - (c) Par «DF», on entend le directeur des finances.
  - (d) Par «Commission», on entend la Commission sur le financement des élections.
  - (e) Par «états financiers», on entend les états financiers qu'il y a lieu de déposer pour :
    - (1) les partis politiques inscrits - annuels - AR10
    - période de campagne électorale
    - CR4

- (2) les associations de circonscription inscrites - annuels - AR1
  - période de campagne électorale

(i) Par «parti inscrit», on entend un parti inscrit auprès de la Commission.

**.06** Les renvois internes aux Lignes directrices indiquent d'abord la Ligne directrice précise, suivie d'un point, suivi de la mention du paragraphe. Par exemple, G24 signifie Ligne directrice G24 - Restrictions imposées aux dépenses liées à la campagne électorale. Un renvoi à G24.07 indique que l'intéressé doit se reporter au paragraphe .07 de la Ligne directrice G24.

**.07** Les renvois à la *Loi de 1986 sur le financement des élections* mentionnent un article, un paragraphe, un alinéa ou un sous-alinéa. Prenons l'article 19 par exemple.

**19.—(1)** Les contributions qu'une personne, une personne morale ou un syndicat font à des partis politiques, des associations de circonscription et des candidats inscrits aux termes de la présente loi sont limitées à ce que précisent les alinéas a) et b). Ces montants ne dépassent pas :

(a) au cours d'une même année :

(i) 4 000 \$ à l'intention de chaque parti inscrit,

(ii) 750 \$ à l'intention d'une association de circonscription inscrite; toutefois, en ce qui concerne les associations de circonscription inscrites d'un parti inscrit, la limite est portée à un total de 3 000 \$ à l'intention des associations de circonscription de chaque parti inscrit;

(b) lors d'une période de campagne électorale, outre les contributions autorisées aux termes de l'alinéa a) :

(i) 4 000 \$ à l'intention de chaque parti inscrit en ce qui concerne l'élection tenue au cours de cette période,

(ii) 750 \$ à l'intention d'un candidat inscrit en ce qui concerne l'élection tenue au cours de cette période; toutefois, en ce qui concerne les candidats parrainés par un parti inscrit, le plafond est porté à un total de 3 000 \$ à l'intention des candidats inscrits de chaque parti inscrit.

(2) Pour l'application de l'alinéa (1) b), sont réputées constituer une seule élection deux ou plusieurs élections partielles auxquelles s'appliquent des décrets de convocation des électeurs qui portent la même date et qui prévoient un même jour de scrutin.

La totalité du texte 19 est un article.

19 (1) est un paragraphe de l'article 19.

19 (1) (a) est un alinéa du paragraphe 19 (1).

19 (1) (a) (i) est un sous-alinéa de l'alinéa 19 (1) (a).

## AUTRE DOCUMENTATION DISPONIBLE

**.08** La Commission offre les autres documents d'information suivants :

(a) **Le Point sur le financement des élections** est un bulletin paraissant à intervalles réguliers pour faire connaître les faits récents.

(b) Un rapport annuel couvrant les faits saillants de l'année civile est également disponible.

(c) Des brochures donnent de brèves explications sur divers sujets, notamment :

Guide de poche sur la Loi sur le financement des élections de l'Ontario

Les activités de financement selon la Loi sur le financement des élections de l'Ontario

Les contributions à des fins politiques en Ontario

**.09** Toutes les Lignes directrices et publications sont disponibles sur demande en anglais et en français.

## CONTRIBUTIONS AUX PARTIS À TRANSMETTRE AUX ASSOCIATIONS DE CIRCONSCRIPTION OU AUX CANDIDATS

**.01** Les partis politiques inscrits peuvent recueillir des contributions pour le compte de leurs associations de circonscription inscrites ou de leurs candidats inscrits, et faire parvenir les contributions à ces associations ou candidats à condition d'observer les procédures énoncées dans la

présente ligne directrice. Dans le cas de contributions recueillies pour le compte de candidats inscrits, ces contributions ne peuvent être recueillies que pendant une période de campagne électorale, que la Loi sur le financement des élections définit comme «la période comprise entre l'émission du décret de convocation des électeurs et le troisième mois qui suit le jour du scrutin».

- .02 Tout parti politique inscrit qui recourt à cette procédure doit fournir à la Commission une «déclaration de fiducie» signée et satisfaire aux exigences de la Commission en matière d'enregistrement et de déclaration énoncées dans la Ligne directrice spéciale PG3 à la disposition des porte-parole des partis.

La signature de cette «déclaration de fiducie» par le directeur des finances du parti, non seulement permet au parti d'accepter des contributions pour le compte de ses associations de circonscription et candidats inscrits, mais oblige également le directeur des finances du parti à délivrer un récépissé aux fins d'un crédit d'impôt pour chaque contribution acceptée et à faire parvenir sans retard la contribution au directeur des finances de l'association de circonscription ou du candidat pour le compte duquel la contribution a été acceptée avec l'ordre que les contributions remises soient consignées comme des contributions aux fins d'enregistrement et de déclaration de la Commission. Le DF du parti doit préparer les récépissés aux fins d'un crédit d'impôt de contributions et indiquer clairement le nom de l'association de circonscription ou la campagne du candidat qui en est le bénéficiaire ainsi que le nom de celui qui reçoit la contribution. Les instructions écrites du directeur des finances du parti qui accompagnent le chèque relatif aux contributions pour mandat acceptées précisent la période pendant laquelle la contribution doit être déclarée.

- .03 Il incombe au directeur des finances de chaque association de circonscription ou candidat du parti qui a pris l'initiative de la procédure de contribution pour mandat de s'assurer de ce qui suit :

- (a) Les états vérifiés annuels ou relatifs à une période de campagne électorale déposés auprès de la Commission doivent enregistrer non seulement les contributions reçues directement, mais aussi les contributions pour mandat acceptées par le parti pour le compte de son association de circonscription ou candidat dans la période de déclaration de l'année ou de la campagne électorale.
- (b) Les contributions (directes ou pour mandat) reçues d'une source unique ne doivent pas dépasser en tout le maximum permis par la loi (à savoir 750 \$ pendant une année civile pour une association de circonscription et 750 \$ pour la campagne électorale d'un candidat).
- (c) La Liste des donateurs ayant versé une contribution supérieure à 100 \$, qui accompagne l'état financier vérifié annuel ou de campagne électorale, doit enregistrer le total des contributions directes et pour mandat en provenance de chaque source.

- .04 Les contributions acceptées par le parti au nom d'une association de circonscription ou au nom d'un candidat sont des contributions de l'association ou d'un candidat au moment où elles sont déposées dans le compte en fiducie du parti. Au moment où les états financiers sont préparés, il faut décider si le DF du parti a des contributions pour mandat en main qui n'ont pas été envoyées.

- .05 Un parti ne saurait jamais accepter des contributions pour mandat comme si elles étaient dans l'intérêt du parti lui-même. Les contributions pour mandat acceptées au nom d'une association donnée de circonscription ou au nom de la campagne du candidat doivent donner lieu à des récépissés aux fins d'un crédit d'impôt comme tels conformément aux instructions par écrit de celui qui verse la contribution, et elles doivent être remises au bénéficiaire désigné. Une bonne communication entre l'association de circonscription ou la campagne du candidat et le parti est essentielle pour garantir que le parti n'accepte pas par inadvertance une contribution et qui, ajoutée aux contributions précédentes de la période en cause, dépasserait le plafond de 750 \$ du donateur par association de circonscription ou par candidat et le plafond global de 3 000 \$.

- .06 En vertu de la loi, tout parti politique peut transférer des fonds à l'une ou l'autre de ses associations de circonscription. Par conséquent, tout parti politique peut conclure une entente selon laquelle il dépose dans un fonds commun toutes les contributions qu'il a reçues et pour lesquelles il a émis un récépissé aux fins d'un crédit d'impôt, en vue de les transférer aux diverses associations de circonscription, selon un pourcentage établi. De même, un parti politique peut rassembler toutes les contributions recueillies à son intention par une association de circonscription quelconque et remettre une portion du fonds commun à cette association de circonscription selon un pourcentage établi applicable à toutes ses associations de circonscription. Dans ces cas, les récépissés aux fins d'un crédit d'impôt émis par le parti pour les contributions recueillies par l'association de circonscription doivent comporter le nom de cette association de circonscription.

## RÉCÉPISSÉS DE CONTRIBUTIONS

### GÉNÉRALITÉS

- .01 La province de l'Ontario accorde aux particuliers des crédits d'impôt relativement à l'impôt sur le revenu de l'Ontario pour des contributions versées à des partis politiques, associations de circonscription et candidats inscrits. Les personnes morales exerçant des activités en Ontario ont la permission de déduire leurs contributions de leur revenu aux fins de l'impôt de l'Ontario dans le cadre de la Loi de l'impôt sur le revenu de l'Ontario.

Les contributions versées par un particulier à un candidat à la direction d'un parti ne sont **pas admissibles** à un crédit d'impôt et les contributions versées par une personne morale ne sont **pas déductibles** de son revenu aux fins de l'impôt sur le revenu de l'Ontario.

- .02 Les particuliers et les personnes morales doivent annexer un récépissé aux fins d'un crédit d'impôt à leur déclaration d'impôt pour avoir droit aux avantages fiscaux. La Commission fournit les formules de récépissé aux fins d'un crédit d'impôt aux DF. La présente Ligne directrice énonce les obligations du DF et les procédures qu'il doit suivre en matière de récépissé aux fins d'un crédit d'impôt. Il faut délivrer des récépissés aux fins d'un crédit d'impôt pour **toutes** les contributions acceptées en espèces, par chèque, par mandat ou par carte de crédit. Il faut également accuser réception des biens et services autres que la prestation d'un travail bénévole non rémunéré par un récépissé aux fins d'un crédit d'impôt, sauf si leur valeur ne dépasse pas 100 \$ et que le donateur précise que cette valeur ne doit pas être considérée comme une contribution. Les contributions en espèces ne peuvent dépasser 25 \$.

**Renvois à la loi 22 (2) et 26, 1986 [21 (2) et 25, L.R.O. 1990]**

### SÉCURITÉ

- .03 Les formules de récépissé aux fins d'un crédit d'impôt sont des documents précieux. Aussi doivent-elles être conservées en lieu sûr et le DF doit-il tenir les registres pertinents. La Commission recommande que seul le DF dont le nom figure aux dossiers de la Commission détienne une provision de formules. Seul le DF signe les récépissés aux fins d'un crédit d'impôt étant donné qu'il lui incombe de faire en sorte que la délivrance d'un récépissé aux fins d'un crédit d'impôt accuse réception des contributions admises aux termes de la loi.

### DISTRIBUTION

- .04 Une fois qu'il a reçu de la Commission la notification de son inscription, le DF :
- (a) reçoit de son prédécesseur le stock non utilisé de récépissés aux fins d'un crédit d'impôt que la Commission a remis à celui-ci;
  - (b) reçoit de la Commission un stock de récépissés aux fins d'un crédit d'impôt s'il n'y a pas eu auparavant de DF inscrit et lorsque la Commission est informée qu'une nouvelle provision de formules est nécessaire.

### PROCÉDURE

- .05 Il existe deux genres de formules de récépissés aux fins d'un crédit d'impôt à utiliser par les partis politiques et les associations de circonscription, ou les candidats, selon le cas. Les formules sont les mêmes, sauf que la formule réservée au candidat porte le préfixe C devant le numéro de série du récépissé aux fins d'un crédit d'impôt et la mention CANDIDAT en rouge au bas du récépissé aux fins d'un crédit d'impôt.

Si le même DF est nommé à la fois pour un candidat et pour une association de circonscription en temps d'élection, le DF doit veiller à utiliser le bon récépissé aux fins d'un crédit d'impôt pour accuser réception de chaque contribution.

- .06 Le récépissé aux fins d'un crédit d'impôt se compose de trois parties. L'exemplaire n° 1 pour le donateur. L'exemplaire n° 2 pour la Commission et le ministère du Revenu. L'exemplaire n° 3 doit être conservé par le DF.

- .07 Le directeur des finances remplit le récépissé aux fins d'un crédit d'impôt en y indiquant ce qui suit :

- la date de réception de la contribution. C'est normalement la date du dépôt de la contribution. Les contributions versées moyennant une carte de crédit sur laquelle le nom du donateur est imprimé ou gravé en relief sont considérées comme reçues à la date à laquelle le bordereau de carte de crédit est déposé ou remis à l'émetteur de la carte de crédit aux fins de paiement;
- la date de délivrance du récépissé aux fins d'un crédit d'impôt;
- le nom et l'adresse du donateur;
- si le donateur est un particulier, une personne morale ou un syndicat;
- le montant de la contribution;
- si la contribution est versée a) en espèces, par chèque, mandat ou carte de crédit, ou b) en biens, services ou publicité;
- le nom du parti, de son association de circonscription ou du candidat.

.08 Le DF doit signer chaque récépissé aux fins d'un crédit d'impôt de sa propre main.

.09 Le DF qui s'apprête à délivrer un récépissé aux fins d'un crédit d'impôt pour une contribution reçue sous forme de chèque :

- (a) doit s'assurer que le chèque est payé lorsqu'il est présenté à la banque, car tout récépissé aux fins d'un crédit d'impôt délivré pour un chèque qui est retourné pour insuffisance de fonds devra être récupéré pour être annulé.
- (b) d'une organisation sans personnalité morale ou d'une société de personnes, comme précisé dans la Ligne directrice G37, doit d'abord déterminer le nom des personnes concernées dans l'organisation et la part de chacun dans la contribution. Les récépissés aux fins d'un crédit d'impôt doivent être délivrés au nom de chaque personne nommée et non pas au nom de l'organisation sans personnalité morale ou de la société de personnes.
- (c) d'un particulier, doit d'abord s'assurer que le donateur remplit les conditions requises pour être résident de l'Ontario. Si l'on reçoit une contribution d'une entreprise à propriétaire unique, il faut déterminer le nom du propriétaire, car le récépissé aux fins d'un crédit d'impôt doit être délivré à son nom et non à celui de l'entreprise.
- (d) d'une personne morale, doit s'assurer qu'elle satisfait à l'exigence d'«exercer des activités en Ontario» précisée dans la Ligne directrice G21.
- (e) d'une personne morale, particulier ou syndicat, doit s'assurer que le récépissé aux fins d'un crédit d'impôt est libellé au nom du donateur tel qu'il figure lisiblement imprimé sur le chèque du donateur, quelles que soient les instructions reçues avec le chèque.
- (f) d'un syndicat, y compris des conseils du travail centraux, régionaux ou de district de l'Ontario, doit s'assurer que le syndicat détient des droits de négociation en Ontario pour ses membres.

.10 Les contributions reçues dans une enveloppe dont le tampon de la poste indique une date antérieure à la fin de la période de déclaration applicable, ou reçues le dernier jour de la période de déclaration, et qui ne peuvent être déposées parce que l'institution financière qui détient le compte est fermée, doivent être consignées dans les livres comptables comme un dépôt bancaire en souffrance au dernier jour de la période de déclaration, et les récépissés aux fins d'un crédit d'impôt doivent être délivrés à cette date. Chaque dépôt en souffrance doit être déposé le premier jour ouvrable suivant de la banque.

.11 Les DF de partis, d'associations de circonscription ou de candidats qui déposent des états financiers doivent remettre à la Commission :

- (a) Le deuxième exemplaire de tous les récépissés aux fins d'un crédit d'impôt délivrés pour des contributions acceptées pendant la période qui fait l'objet de la déclaration, veillant à ce que le total concorde avec les contributions indiquées dans les états financiers. Si les chiffres sont incompatibles et que la source de la contribution est inconnue, l'article 18 de la *Loi de 1986 sur le financement des élections* (article 17 de la *Loi sur le financement des élections*, L.R.O. 1990) exige le paiement de la contribution anonyme à la Commission.
- (b) L'original et le deuxième exemplaire de tous les récépissés aux fins d'un crédit d'impôt annulés relativement à la période qui fait l'objet des états financiers.
- (c) Le compte rendu comptable de tous les récépissés aux fins d'un crédit d'impôt. Il faut donc déposer à la Commission un rapprochement de tous les récépissés aux fins d'un crédit d'impôt inutilisés au commencement de la période visée, des récépissés aux fins d'un crédit d'impôt utilisés et de ceux qui restent en main. La Commission doit être informée de toute situation où des récépissés aux fins d'un crédit d'impôt ont été délivrés pour des contributions reçues par un chèque sans provision et que le donateur n'a pas remplacé par un chèque payé par la banque.

.12 Le stock inutilisé de **formules de récépissé aux fins d'un crédit d'impôt réservées au candidat** doit être retourné à la Commission au plus tard respectivement à la date de dépôt de l'état financier pour la période de campagne électorale du candidat.

.13 Si une contribution doit être retournée et

- (a) que le donateur omet de retourner le récépissé aux fins d'un crédit d'impôt pour qu'il soit annulé, la contribution doit être versée à la Commission;
- (b) que le donateur retourne le récépissé aux fins d'un crédit d'impôt, l'exemplaire du donateur et celui de la Commission doivent porter la mention «annulé» et les deux exemplaires doivent être déposés auprès de la Commission avec les états financiers vérifiés.

**Renvoi à la loi 18, 1986 [17, L.R.O. 1990]**

.14 S'il est nécessaire de délivrer un récépissé aux fins d'un crédit d'impôt de remplacement, écrire la mention «REMPACEMENT» et **indiquer le numéro de série du récépissé aux fins d'un crédit d'impôt original** sur le récépissé aux fins d'un crédit d'impôt de remplacement ainsi délivré. Toutes les données du récépissé aux fins d'un crédit d'impôt de remplacement doivent être les mêmes que celles du récépissé aux fins d'un crédit d'impôt original, par ex. la date de réception, etc. Au lieu de délivrer un autre récépissé aux fins d'un crédit d'impôt, le DF peut remettre au donateur une photocopie de l'exemplaire du récépissé aux fins d'un crédit d'impôt qu'il détient, mais la photocopie doit porter la mention «Copie certifiée conforme» et une nouvelle signature du DF.

#### **CRÉDIT D'IMPÔT POUR DES CONTRIBUTIONS AUX PARTIS POLITIQUES, ASSOCIATIONS DE CIRCONSCRIPTION ET CANDIDATS**

.15 Les crédits d'impôt admissibles au titre de l'impôt sur le revenu de l'Ontario pour un contribuable qui est un particulier sont les suivants :

75 pour 100 de la première tranche de 200 \$ du total des contributions;  
 50 pour 100 de la tranche suivante de 600 \$ du total des contributions;  
 33 1/3 pour 100 du total des contributions dépassant 800 \$ jusqu'à 1 700 \$.

Le crédit maximal admissible est de 750 \$.

Les contributions aux candidats à la direction d'un parti ne sont pas admissibles à un crédit d'impôt.

- .16 Avant de faire valoir un crédit d'impôt pour contribution politique, le particulier doit réduire l'impôt sur le revenu de l'Ontario qu'il doit payer du total de son crédit d'impôt foncier, du crédit de taxe de vente et du crédit d'impôt de pensionné. S'il n'a pas d'impôt provincial sur le revenu à payer après déduction des trois crédits mentionnés, il ne peut pas faire valoir le crédit d'impôt pour contribution politique. Autrement dit, il doit y avoir un impôt provincial sur le revenu à payer pour que l'on puisse faire valoir le crédit d'impôt pour contribution politique. Ce crédit ne peut dépasser le montant d'impôt de l'Ontario à payer.
- .17 Les personnes morales peuvent déduire jusqu'à concurrence de 7 000 \$ de leur revenu de l'Ontario. La tranche de contribution au-delà de 7 000 \$ peut être reportée aux fins de déduction dans les années d'imposition ultérieures.
- .18 Le donateur ou son conjoint peut se prévaloir d'un crédit d'impôt pour contribution politique. C'est-à-dire que les récépissés aux fins d'un crédit d'impôt pour contribution politique peuvent être transférés entre conjoints. Toutefois, une même contribution pour laquelle un seul récépissé aux fins d'un crédit d'impôt a été délivré ne peut être divisée entre conjoints. L'un ou l'autre conjoint doit faire valoir la totalité du montant de la contribution.

#### ACCEPTATION DE CONTRIBUTIONS

- .19 Si un chèque remis à titre de contribution est tiré sur un compte de banque conjoint, le récépissé aux fins d'un crédit d'impôt doit être délivré seulement au nom de la personne qui a signé le chèque. Si deux personnes ont signé un chèque tiré sur un compte de banque conjoint, le DF doit déterminer qui a fait la contribution et rédiger le(s) récépissé(s) aux fins d'un crédit d'impôt en conséquence.
- .20 Il n'est pas interdit d'utiliser des chèques postdatés étant donné qu'ils ne sont pas négociables avant leur date d'effet. Les chèques, postdatés ou non, ne sont considérés comme des contributions acceptées que lorsqu'ils sont déposés. Une contribution par chèque postdaté est toujours assujettie aux plafonds imposés aux contributions.

**Renvois à la loi 17 (2), 17 (3) et 19 (1), 1986  
[16 (2), 16 (3) et 18 (1), L.R.O. 1990]**

- .21 Seules les contributions sollicitées à des fins générales ou aux fins précisées par la loi donnent droit à des récépissés aux fins d'un crédit d'impôt. La Commission a interprété «les fins de la loi» comme étant l'élection de candidats à l'Assemblée législative de l'Ontario et les activités y afférentes. Bien qu'on puisse accepter des contributions versées à d'autres fins précises, elles ne donnent pas droit à des récépissés aux fins d'un crédit d'impôt.

**Renvoi à la loi 1 (1), 1986 [1 (1), L.R.O. 1990]**

- .22 On ne peut accepter de contributions qui soient assujetties à des conditions ou à des restrictions. Les seules exceptions sont les fonds donnés à un parti politique inscrit ou à une association de circonscription inscrite pour couvrir les frais relatifs à des assemblées, séminaires, ateliers ou conférences, notamment les campagnes à la désignation du chef, à condition que ces événements soient parrainés par le parti politique ou l'association de circonscription et aient lieu en Ontario. L'assistance à ces événements est considérée comme faisant partie du processus politique de l'Ontario et les contributions sont donc acceptées aux fins visées dans la loi. Si les frais d'inscription comprennent les frais d'hôtel, de repas et de déplacement, le montant total des frais d'inscription est considéré comme une contribution. Un donateur ne peut toutefois pas spécifier (à l'exception de ce qui est dit des contributions pour mandat à la Ligne directrice G19) que des fonds équivalents à la contribution soient en fin de compte transférés au parti politique, à une autre association de circonscription ou à un candidat, selon le cas.
- .23 En aucun cas, un parti ne peut accepter des contributions désignées comme contributions pour mandat comme si elles étaient versées au profit du parti lui-même. Les contributions qui sont acceptées pour le compte d'une association de circonscription particulière ou de la campagne électorale d'un candidat, comme prévu dans la Ligne directrice G19, doivent être reçues au nom de l'association de circonscription particulière ou de la campagne électorale du candidat comme cela est précisé par écrit par le donateur et remis en fin de compte au bénéficiaire désigné.

#### REMISE DE CONTRIBUTIONS

- .24 Un parti politique, une association de circonscription ou un candidat inscrits peuvent rendre une contribution au donateur. Dans ces cas-là, étant donné que la contribution n'a pas servi à des fins politiques, le donateur n'a pas droit au récépissé aux fins d'un crédit d'impôt pour cette partie de la contribution. Par conséquent, on ne peut rendre de telles contributions qu'après avoir récupéré le récépissé aux fins d'un crédit d'impôt émis en faveur du donateur pour cette contribution.
- .25 Dans les cas où un donateur verse une contribution tout en sachant que celle-ci lui sera rendue par la suite, on considère cette contribution conditionnelle et elle équivaut à un prêt. *La loi interdit ce genre de contributions conditionnelles et, par conséquent, on doit les refuser.*

#### RESTRICTIONS IMPOSÉES À LA PUBLICITÉ RELIÉE À LA CAMPAGNE ÉLECTORALE - TEMPS ET TARIFS

- .01 Durant une campagne électorale, la loi impose certaines restrictions à la publicité liée à la campagne électorale faite par un parti politique inscrit, une association de circonscription inscrite ou un candidat inscrit. Il y a d'abord des restrictions relatives au temps pendant lequel la publicité peut avoir lieu. En second lieu, il y a des restrictions quant aux tarifs que peuvent imposer les entreprises de radiodiffusion ou d'édition.

#### RESTRICTIONS RELATIVES AU TEMPS

- .02 Au cours d'une période de campagne électorale, seuls un parti politique inscrit, une association de circonscription inscrite ou un candidat inscrit ou toute personne, toute personne morale, tout syndicat agissant à la connaissance et avec le consentement de ces derniers peuvent faire de la publicité liée à la campagne électorale. La période commence vingt-deux jours avant le jour du scrutin et se termine à minuit l'avant-veille du scrutin. Par exemple, si le jour du scrutin est le 28 mai, la publicité liée à la campagne ne peut avoir lieu que du 6 mai au 26 mai inclusivement.

L'interdiction de publier une publicité reliée à la campagne électorale ne s'applique pas :

- (1) à la publication d'une publicité reliée à la campagne électorale la veille du jour du scrutin dans un journal publié en Ontario qui ne paraît qu'une fois par semaine et dont la date régulière de parution tombe la veille du jour du scrutin; et
- (2) à la publication d'une publicité reliée à la campagne électorale le jour et la veille du scrutin au moyen d'installations de panneaux-réclame ou dans un abri d'autobus public ou dans un autobus, un tramway ou dans une station de métro faisant partie d'un réseau public de transport en commun.

**Renvois à la loi 38 (1) et 38 (3), 1986 [37 (1) et 37 (3), L.R.O. 1990]**

- .03 La publicité reliée à la campagne électorale est définie comme la publicité faite grâce aux installations d'une entreprise de radiodiffusion, ou la publication d'une publicité dans un journal, une revue ou une autre publication périodique, ou par le truchement de moyens de publicité extérieure, dans le but de favoriser un parti inscrit ou l'élection d'un candidat inscrit ou de leur manifester de l'opposition.

**Renvoi à la loi 38 (1), 1986 [37 (1), L.R.O. 1990]**

- .04 Par «moyens de publicité extérieure», on entend des moyens autres que la radio, la télévision, les journaux, les revues et autres publications périodiques de toute personne ou personne morale qui fait profession d'offrir ces moyens à titre commercial à des fins de publicité. Par exemple, une publicité reliée à la campagne électorale de la part d'un candidat inscrit grâce à des panneaux-réclame ne peut commencer avant la période de vingt et un jours, tandis que la publicité reliée à la campagne électorale au moyen d'affiches individuelles fabriquées par le candidat ou son organisation n'est pas limitée de la sorte. On notera que ce délai de vingt et un jours s'applique aussi aux camions commerciaux dotés de haut-parleurs à des fins de publicité reliée à la campagne électorale.

- .05 La restriction de vingt et un jours ne s'applique toutefois **pas** aux activités suivantes, à condition qu'elles soient conformes aux lignes directrices de la Commission :

- (a) l'annonce d'assemblées publiques dans les associations de circonscription;
- (b) la communication de l'emplacement du bureau central d'un candidat ou d'une association de circonscription;
- (c) l'annonce pour solliciter des travailleurs bénévoles pour la campagne électorale;
- (d) la communication des services offerts aux électeurs par les candidats ou les associations de circonscription relativement au recensement et à la révision des listes électorales;
- (e) la communication des services offerts aux électeurs le jour du scrutin;
- (f) toute autre question reliée aux fonctions administratives des associations de circonscription.

**Renvoi à la loi 38 (2), 1986 [37 (2), L.R.O. 1990]**

La Commission a toutefois déterminé que, même s'il est permis qu'une publicité ou annonce de ce genre mentionne le nom du candidat et/ou du parti politique et montre une photo du candidat et/ou le logo du parti politique, **la référence au service ou à l'activité visés par l'exception et énoncés au paragraphe 38 (2) de la Loi de 1986 sur le financement des élections (paragraphe 37 (2) de la Loi sur le financement des élections, L.R.O. 1990) doit constituer le caractère dominant de cette publicité ou annonce.** En outre, cette publicité ou cette annonce ne doit renfermer aucun slogan ou autre terme favorisant le candidat ou le parti inscrits ou manifestant de l'opposition à un autre candidat ou parti inscrits, comme «venez grossir l'équipe gagnante», «travaillons pour le maintien d'un bon gouvernement», «notre candidat est le mieux qualifié», etc.

Il y a lieu de signaler que la restriction de vingt et un jours imposée à la publicité ne s'applique pas aux activités de financement ni aux campagnes électorales et congrès réalisés en rapport avec des candidatures disputées dans la circonscription en vue du parrainage des candidats officiels du parti, pourvu que le contenu de la publicité soit conforme à la présente Ligne directrice.

#### **RESTRICTIONS RELATIVES AUX TARIFS EXIGÉS**

- .06 Au cours de la période de vingt et un jours visée à la Ligne directrice G23.02 ci-dessus, une personne ou une personne morale ne peut pas exiger pour le temps d'antenne réservé à la publicité reliée à la campagne électorale un tarif supérieur au tarif **minimal** exigé par l'entreprise de radiodiffusion pour une même quantité de temps d'antenne équivalent mis à la disposition d'une autre personne pendant la même période. Autrement dit, un parti politique inscrit, une association de circonscription inscrite ou un candidat inscrit, ou quiconque agissant à leur connaissance et avec leur consentement, a droit au tarif **minimal** de temps d'antenne à la télévision ou à la radio qui est offert à tout autre client de l'entreprise de radiodiffusion pour la même quantité de temps d'antenne dans un créneau équivalent durant la période de vingt et un jours.

**Renvoi à la loi 38 (4) a), 1986 [37 (4) a), L.R.O. 1990]**

- .07 Au cours de la période de vingt et un jours visée à la Ligne directrice G23.02 ci-dessus, un particulier ou une personne morale peut exiger pour un espace publicitaire pour de la publicité reliée à la campagne électorale un tarif qui soit supérieur au tarif **minimal** exigé par l'entreprise d'édition pour une même quantité d'espace publicitaire équivalent dans sa publication. Autrement dit, un parti politique inscrit, une association de circonscription inscrite ou un candidat inscrit, ou quiconque agissant à leur connaissance et avec leur consentement, a droit au tarif **minimal** pour un espace publicitaire qui est offert à tout autre client de l'entreprise d'édition pour la même quantité d'espace publicitaire, à un endroit de valeur équivalente, dans la publication publiée ou distribuée et rendue publique au cours de la période de vingt et un jours.

**Renvoi à la loi 38 (4) b), 1986 [37 (4) b), L.R.O. 1990]**

- .08** C'est un fait reconnu que dans certains médias, les tarifs de publicité peuvent dépendre du volume de temps ou d'espace acheté pendant l'année. Aux fins de la loi, le tarif minimal renvoie au tarif minimal offert à tout autre client qui achète un volume de publicité équivalant à celui qui est acheté par le parti politique inscrit, l'association de circonscription inscrite ou un candidat inscrit durant la période de vingt et un jours.

#### AUTRES PRÉCISIONS

- .09** Une entreprise de radiodiffusion peut offrir du temps gratuit aux partis politiques et candidats inscrits conformément aux dispositions, règlements et directives en vertu de la *Loi sur la radiodiffusion (Canada)*. La prestation de ce temps gratuit ne doit pas être considérée comme une contribution ni une dépense électorale pour ces partis politiques ou candidats inscrits pour l'application de la loi.

#### Renvoi à la loi 23 (2), 1986 [22 (2), L.R.O. 1990]

- .10** Si une personne, une personne morale ou un syndicat, à la connaissance et avec le consentement d'un parti politique ou d'un candidat inscrits aux termes de la présente loi, favorise ce parti ou l'élection de ce candidat, ou manifeste de l'opposition à un autre parti politique inscrit ou à l'élection d'un autre candidat inscrit en faisant transmettre une publicité grâce aux installations d'une entreprise de radiodiffusion ou en faisant publier une publicité dans un journal, une revue ou une autre publication périodique, ou dans des imprimés, des brochures ou d'autres écrits, ou par le truchement d'un moyen de publicité extérieure, et que le montant des frais engagés à cet égard soit supérieur :

- (a) à 100 \$ dans le cas d'une seule publicité politique;
- (b) à une somme qui, au total, dépasse 100 \$ dans le cas de publicités politiques provenant d'une source unique et radiodiffusées ou publiées au cours d'une même année, à l'exclusion de la période de campagne électorale qui se déroule, en totalité ou en partie, pendant cette année, ou au cours d'une période de campagne électorale,

ce montant constitue, pour l'application de la loi, une contribution au parti politique ou au candidat qui avait connaissance de la publicité politique et y donnait son consentement. Si la publicité est publiée ou radiodiffusée au cours de la période pertinente, ce montant constitue également, pour l'application de la loi, une dépense liée à la campagne électorale.

#### Renvoi à la loi 23 (1), 1986 [22 (1), L.R.O. 1990]

- .11** Tout éditeur peut publier des reportages authentiques, notamment des interviews, des commentaires, ou d'autres travaux composés à l'intention d'un journal, d'une revue ou d'une autre publication périodique qui les publie sans frais pour le parti politique, l'association de circonscription ou le candidat. La publication de ces documents n'est pas considérée comme une publicité politique aux termes de la loi.

Une entreprise de radiodiffusion peut de même diffuser des reportages **authentiques** pourvu que ce soit en conformité avec les dispositions, règlements et directives en vertu de la *Loi sur la radiodiffusion (Canada)*.

#### Renvois à la loi 23 (6) et 38 (3) c), 1986 [22 (6) et 37 (3) c), L.R.O. 1990]

- .12** La documentation publicitaire antérieure à la campagne électorale achetée par une association de circonscription à l'intention d'un candidat inscrit après l'émission du décret de convocation des électeurs doit être comptabilisée comme une dépense liée à la campagne électorale, soit par le candidat, soit par l'association de circonscription selon l'explication de la Ligne directrice G25.

- .12a** Il existe d'autres méthodes publicitaires apparentes qu'il faut comptabiliser comme des dépenses liées à la campagne électorale, qui doivent être dûment autorisées comme il est indiqué à la Ligne directrice G23.13, mais qui ne sont pas assujetties au délai de 21 jours imposé par la loi. Mentionnons entre autres les brochures, dépliants, porte-noms, affiches, écriteaux, cartes de visite, nouveautés, menus, napperons et sacs à provisions.

- .12b** La promotion d'un candidat ou d'un parti politique au moyen de menus, de napperons ou de sacs à provisions doit être comptabilisée. Dans les cas où l'on ajoute tout simplement la publicité politique à des produits d'un tiers, comme les menus ou les napperons d'un restaurant ou les sacs à provisions d'un supermarché, la valeur attribuée à la dépense est le coût marginal de la publicité, par exemple, les coûts directs comme l'illustration et les teintures spéciales. Cependant, si le produit lui-même est distribué au cours de la campagne électorale du candidat ou par le parti, il faut considérer le coût total du produit comme une dépense liée à la campagne électorale. Prenons l'exemple suivant : le candidat remet des napperons ou des sacs à provisions au public. Dans ce cas, le coût doit être équivalent à celui exigé des clients qui achètent les produits en question. Tout ce matériel publicitaire doit être dûment autorisé comme il est indiqué à la Ligne directrice G23.13.

- .12c** Pour éviter qu'une dépense ne soit considérée comme une dépense liée à la campagne électorale et qu'elle soit par conséquent assujettie à la période de publicité de 21 jours permise par la loi, le contenu de toute publicité effectuée par une personne cherchant à se faire élire pendant la période se situant entre le décret de convocation des électeurs à une élection et le jour du scrutin doit être de nature non partisane conformément à la Ligne directrice G23.05.

#### AUTORISATION DE LA PUBLICITÉ POLITIQUE

- .13** Toute publicité politique sous forme d'imprimés, de prospectus, d'écriteaux, d'affiches et d'annonces radiodiffusées ou télévisées porte le nom de l'association de circonscription inscrite, du parti politique inscrit, du particulier, de la personne morale ou du syndicat qui l'autorise, ou en fait mention.

#### Renvoi à la loi 23 (5), 1986 [22 (5), L.R.O. 1990]

#### STOCK DE MATÉRIEL DE CAMPAGNE ÉLECTORALE ET DÉPENSES LIÉES À LA CAMPAGNE ÉLECTORALE PAYÉES D'AVANCE

- .01** Dans sa définition des dépenses liées à la campagne électorale, la loi englobe la valeur des articles gardés en stock et destinés à l'usage d'un candidat ou d'un parti politique au cours d'une période de campagne électorale.

**Renvoi à la loi 1 (1), 1986 [1 (1), L.R.O. 1990]**

- .02 La loi stipule également que le transfert de biens gardés en stock et destinés à l'usage d'un candidat au cours d'une période de campagne électorale constitue une dépense liée à la campagne électorale.

**Renvoi à la loi 28, 1986 [27, L.R.O. 1990]**

- .03 On peut se demander avec une certaine inquiétude ce qui constitue un stock de matériel de campagne électorale et des dépenses liées à la campagne électorale payées d'avance. La Commission considère que le stock consiste normalement en des choses comme des piquets de pelouse, des panneaux d'affichage, de la documentation utilisable, des enseignes et d'autres articles de campagne électorale.

Les dépenses liées à la campagne électorale payées d'avance sont, entre autres, le coût de services de consultation, les coûts de production de la publicité à utiliser au cours de la campagne électorale et les dépôts versés relativement à des bureaux et du matériel en vue de la campagne électorale. Elles ne comprennent pas les frais de production de moyens de diffusion engagés avant l'émission du décret de convocation des électeurs, dans le cadre des activités courantes du parti politique ou de l'association de circonscription, mais elles comprennent :

- (a) le produit qui en sort **et** est utilisé dans la campagne électorale;
- (b) les dépenses engagées dans le but prédominant de créer un produit à utiliser dans la campagne électorale.

L'état des dépenses, qui est une analyse de la nature des dépenses, renferme des renseignements permettant de déterminer ce qui est à proprement parler un stock et une dépense payée d'avance. À la fin de la période de déclaration, ce montant ne doit pas rester dans le total des dépenses mais doit être déduit et indiqué comme redressement de l'actif. Dans une période de campagne électorale, il est important d'affecter la valeur de ce stock et des dépenses liées à la campagne électorale payées d'avance comme partie du total des dépenses liées à la campagne électorale. Le redressement du stock influe sur les dépenses globales liées à la campagne électorale.

- .04 Avant l'émission du décret de convocation des électeurs, toutes les dépenses en rapport avec la campagne électorale éventuelle doivent être accumulées et transférées à un compte de stock. Dès l'émission du décret de convocation des électeurs, la valeur de toutes les dépenses et du matériel consignés dans le compte de stock doit être transférée dans les comptes de la période de campagne électorale, dans les comptes du candidat ou, s'il s'agit du parti, dans ses comptes de la période de campagne électorale ou à titre de transferts dans les comptes de la campagne électorale des associations de circonscription ou des candidats.

On recourra ordinairement au prix du marché comme base du calcul de la valeur du stock transféré dans les comptes de la campagne électorale. On peut déterminer le prix du marché de plusieurs façons, les principales étant :

- (a) des factures récentes ou le prix fixé;
- (b) le moins élevé du coût de remplacement et du coût de reproduction;
- (c) le prix de ventes récentes comparables.

Dans le cas d'acquisitions réalisées dans l'année du décret de convocation, utiliser le prix de la facture. Dans l'évaluation d'un matériel de campagne électorale destiné à l'usage du candidat, qui provient d'une campagne électorale antérieure, utiliser le prix de remplacement ou le prix du devis. Déclarer tout le matériel provenant d'une campagne électorale antérieure. Ce prix varie selon les endroits de la province et dépend de l'approvisionnement local, de la concurrence et de l'aptitude de l'association de circonscription à produire ses propres enseignes ou à se procurer du matériel de récupération pour construire des enseignes. Dans tous les cas, il y a lieu de réunir la documentation pertinente à l'appui de la valeur d'ouverture du stock.

- .05 Si, à la fin d'une période de déclaration, un décret de convocation des électeurs n'a pas été émis, la valeur du stock de matériel de campagne électorale et des dépenses liées à la campagne électorale payées d'avance doit être indiquée comme élément d'actif dans l'état de l'actif et du passif.
- .06 Le stock de matériel de campagne électorale réutilisable en main à la fin de la campagne électorale doit être transféré des comptes de la période de campagne électorale aux comptes ordinaires de l'association de circonscription ou du parti, selon le cas. La valeur du stock en main **ne doit pas** être déduite des dépenses liées à la campagne électorale assujetties à des restrictions.

Le DF du candidat doit déterminer la quantité du matériel de campagne électorale réutilisable **et** la valeur de chaque article. Il y a lieu de dresser une liste détaillée de ces articles et de leur valeur. On détermine cette valeur de la façon suivante :

- (a) si l'article était en main au début de la période de campagne électorale, l'évaluer à la même valeur utilisée au début de la campagne.
- (b) si l'article a été acquis durant la campagne électorale, l'évaluer au prix de la facture.

**Il faut évaluer et déclarer tout le matériel de campagne électorale réutilisable en main à la fin d'une période de campagne électorale, mais on ne peut pas le déduire des dépenses liées à la campagne électorale assujetties à des restrictions. Il y a lieu de déclarer au début d'une campagne électorale subséquente tout le stock en main à la fin d'une période de campagne électorale.**

- .07 Il est possible de faciliter considérablement les transferts de stock entre le compte de la campagne électorale du candidat et l'association de circonscription en permettant à l'association de circonscription de s'occuper de tous les postes de dépenses reliés au stock. À mesure que l'association engage des dépenses liées à la campagne électorale avant l'émission du décret de convocation des électeurs, elle les accumule dans un compte de stock. À la date de l'émission du décret de convocation des électeurs, transférer le montant accumulé dans le compte de stock dans le compte de dépenses liées à la campagne électorale à la juste valeur marchande. À la fin de la campagne électorale, transférer de nouveau à l'association de circonscription, à la même valeur, la valeur en matériel de campagne réutilisable. Pour éviter le risque de dépassement des dépenses liées à la campagne électorale, consulter le DF du candidat, s'il n'est pas le même que celui de l'association de circonscription, et lui demander d'approuver toutes les dépenses et transferts ayant trait au stock.

- .08 Dans le cas d'un candidat, on peut traiter les transferts de stock entre l'association de circonscription et le compte de la campagne électorale du candidat en transférant à la fois les dépenses liées à la campagne électorale payées d'avance avant l'émission du décret de convocation des électeurs et la valeur du stock à l'aide du compte «transferts reçus de l'association de circonscription». Dans le cas d'une association de circonscription, on peut traiter les dépenses liées à la campagne électorale et les achats courants de matériel de campagne électorale à l'aide du compte «transferts payés au compte de la campagne électorale du candidat». Cette méthode exigera une certaine dose de tenue de livres. Pour suivre la trace du total des dépenses liées à la campagne électorale, des entrées de transfert respectives dans les comptes, et pour préparer les formules requises à déposer auprès de la Commission, il est essentiel qu'existent d'étroites communications entre le DF du candidat et celui de l'association de circonscription.
- .09 Tous les DF concernés doivent surveiller de près les transferts de stock entre le parti, l'association de circonscription et le compte de la campagne électorale du candidat. Sinon, il pourrait en résulter un dépassement des dépenses liées à la campagne électorale et une lacune dans la déclaration des transferts sur les formules de déclaration requises. La méthode comptable choisie peut être l'une ou l'autre des méthodes exposées aux Lignes directrices G25.07 et G25.08.
- .10 Tout état financier annuel vérifié de chaque parti politique et association de circonscription inscrits doit être accompagné d'une liste détaillée du stock de matériel de campagne électorale réutilisable, des dépenses liées à la campagne électorale payées d'avance et des achats courants de matériel de campagne électorale à l'appui de la valeur totale desdits articles indiquée dans l'état de l'actif et du passif. Le tableau prescrit à cet effet est annexé à chaque formule.
- .11 Accompanyer tout état financier de la période de campagne électorale de chaque parti politique, association de circonscription et candidat inscrits d'une liste détaillée du matériel de campagne électorale réutilisable à l'ouverture, des dépenses liées à la campagne électorale payées d'avance et des achats courants de matériel de campagne électorale à l'appui de la valeur totale de ces articles transférés dans les comptes de la campagne du parti, de l'association de circonscription ou du candidat. En outre, il y a lieu de fournir, à la clôture de la campagne électorale, une liste distincte du stock de matériel de campagne électorale réutilisable. Le tableau prescrit à cet effet est annexé à chaque formule d'état financier à déposer.

#### ACTIVITÉS ÉTRANGÈRES AUX FINS DE LA LOI

- .01 Les contributions à un parti politique, à une association de circonscription ou à un candidat inscrits doivent être sollicitées aux fins précisées par la loi pour bénéficier d'un crédit d'impôt aux termes de la *Loi de l'impôt sur le revenu* (Ontario) ou d'une déduction aux termes de la *Loi sur l'imposition des corporations* (Ontario). À ce titre, la Commission a interprété «les fins précisées par la loi» comme étant l'élection de candidats à l'Assemblée législative de l'Ontario et les activités y afférentes.

**Renvois à la loi 10 (1), 11 (1) et 14 (2), 1986**  
[10 (1), 11 (1) et 13 (2), L.R.O. 1990]

- .02 Les contributions à un parti politique, à une association de circonscription ou à un candidat inscrits qui sont expressément sollicitées à d'autres fins que celles précisées par la loi ne sont pas interdites par la loi, mais ne remplissent pas les conditions requises pour bénéficier d'un crédit d'impôt aux termes de la *Loi de l'impôt sur le revenu* (Ontario) ou d'une déduction aux termes de la *Loi sur l'imposition des corporations* (Ontario).

Par exemple, au cours des années, la Commission a décidé à diverses occasions que certaines contributions sollicitées à des fins précises ne donnent pas droit à un récépissé aux fins d'un crédit d'impôt. Au nombre de ces fins précises, mentionnons : l'aide aux réfugiés; le financement de candidats à une élection municipale; l'aménagement paysager d'un parc public; le financement d'annonces publicitaires pour des rallyes pour la paix; le financement de candidats à un poste au sein d'un parti politique; l'encouragement des relations avec l'Amérique latine; une aide financière au Comité du OUI au cours du dernier référendum fédéral; le paiement des honoraires d'avocats d'un administrateur d'association de circonscription poursuivi en justice. En général, les sollicitations de fonds destinés au soutien de groupes ou de causes qui n'auraient pas droit eux-mêmes d'émettre des récépissés aux fins d'un crédit d'impôt à des fins politiques ou charitables ne remplissent pas les conditions requises pour obtenir un récépissé aux fins d'un crédit d'impôt en Ontario.

- .03 La loi ne s'applique pas aux campagnes électorales organisées ni aux congrès tenus dans une circonscription relativement aux déclarations de candidature contestées en ce qui concerne le parrainage des candidats officiels d'un parti. Par conséquent, les sommes données par ses partisans à une personne contestant une déclaration de candidature et toute somme versée par des personnes pour participer à de tels congrès ne constituent pas des contributions aux fins de la loi. Par exemple, les sollicitations de contributions afin d'élire un plus grand nombre de femmes à l'Assemblée législative donnent droit à un récépissé aux fins d'un crédit d'impôt, alors que les sollicitations de contributions pour aider précisément des femmes à contester des déclarations de candidature ne donneraient pas droit à un récépissé aux fins d'un crédit d'impôt.

**Renvoi à la loi 1 (3), 1986 [1 (3), L.R.O. 1990]**

- .04 De même, la loi ne prévoit pas l'émission de récépissés aux fins d'un crédit d'impôt pour les contributions versées aux candidats à la direction d'un parti. Par conséquent, les sommes recueillies pour aider un candidat à se faire élire chef d'un parti politique ou pour rembourser les dépenses de sa campagne ne donnent pas droit à un récépissé aux fins d'un crédit d'impôt.
- .05 Un candidat n'a pas à déclarer à la Commission les dépenses engagées pour se faire élire candidat officiel d'un parti ou chef d'un parti avant la convocation officielle.
- .06 Aucun récépissé aux fins d'un crédit d'impôt n'est émis pour le genre de contributions dont il est question aux paragraphes .02 et .03 ci-dessus.

Toutefois, il faut consigner toutes ces contributions séparément dans les registres financiers du parti politique, de l'association de circonscription ou du candidat et les déclarer à la Commission.

**Renvoi à la loi 1 (1), 42 and 43, 1986 [1 (1), 41 and 42, L.R.O. 1990]**

- .07 Un parti politique, une association de circonscription, un candidat ou un candidat à la direction d'un parti inscrits aux termes de la loi ne doivent pas directement ou indirectement verser des contributions ni transférer des fonds à un parti politique fédéral enregistré aux termes de la *Loi électorale du Canada*, à une association de circonscription fédérale ou à un candidat à une élection fédérale, sauf si la chose est permise par la loi comme en fait foi la Ligne directrice G33.06.

**Renvoi à la loi 30 (1) b), 1986 [29 (1) b), L.R.O. 1990]**

- .08 Un parti politique, une association de circonscription, un candidat ou un candidat à la direction d'un parti inscrits aux termes de la loi ne doivent pas directement ou indirectement contribuer ni transférer des fonds à un candidat à une élection municipale aux termes de la *Loi sur les élections municipales* (Ontario).

**Renvoi à la loi 30 (1) b), 1986 [29 (1) b), L.R.O. 1990]**

#### **RÉSERVATION DU NOM PROPOSÉ POUR UN PARTI POLITIQUE**

- .01 Le parti politique qui se propose de faire une demande d'inscription auprès de la Commission doit présenter à la Commission le nom entier et l'abréviation ou sigle, le cas échéant, qu'il se propose d'utiliser. La Commission décide si elle peut les inscrire.

**Renvoi à la loi 10 (7), 1986 [10 (7), L.R.O. 1990]**

- .02 Le nom et l'abréviation ou le sigle d'un parti politique sont réservés à ce parti pour une période d'un an à compter de la date de la décision favorable de la Commission.

**Renvoi à la loi 10 (8), 1986 [10 (8), L.R.O. 1990]**

- .03 Dans le cas où le parti politique omet de présenter une demande d'inscription à la Commission dans l'année suivant la décision de la Commission de réserver le nom et l'abréviation ou le sigle, le cas échéant, la réservation dudit nom ou de ladite abréviation ne sera pas automatiquement prolongée. Toutefois, le parti politique peut présenter une nouvelle demande à la Commission pour qu'elle réserve le nom et l'abréviation ou le sigle proposés, le cas échéant, pour une période supplémentaire de un an. Au moment d'examiner une telle demande, la Commission examinera si le parti s'est efforcé ou non en toute bonne foi de recueillir le nombre de signatures d'électeurs admissibles nécessaires pour endosser la demande d'inscription et si elle a déjà acquiescé à une telle demande par le passé.

ÉTATS FINANCIERS ANNUELS  
DE L'ASSOCIATION DE CIRCONSCRIPTION  
Conformément au paragraphe 41 (4) de la Loi de 1986 sur le financement des élections  
(Paragraphe 40(4) de la Loi sur le financement des élections, L.R.O. 1990)

À \_\_\_\_\_, directeur des finances  
de \_\_\_\_\_ association de circonscription :

J'ai/nous avons examiné l'état de l'actif et du passif de \_\_\_\_\_  
au 31 décembre 19\_\_\_\_ ainsi que l'état des recettes et des dépenses pour l'exercice alors  
terminé. La responsabilité de ces états financiers incombe au directeur des finances.  
Ma/notre responsabilité consiste à exprimer une opinion sur ces états financiers basée sur  
mon/notre examen.

Sauf ce qui est exposé au paragraphe suivant, mon/notre examen a été effectué conformément aux  
normes de vérification généralement reconnues. Ces normes exigent de moi/nous de planifier et  
de réaliser un examen pour obtenir une assurance suffisante que les états financiers ne  
contiennent pas de déclarations erronées importantes. La vérification comporte l'examen, au  
moyen de sondages, des preuves à l'appui des montants et déclarations que renferment les états  
financiers. Elle comporte également l'évaluation des principes comptables appliqués et des  
prévisions faites par le directeur des finances ainsi que l'évaluation de la présentation  
d'ensemble des états financiers.

Étant donné la nature des transactions propres aux organisations de ce genre, les procédés de  
vérification ne permettent pas de déterminer si les registres comptables englobent toutes les  
recettes et dépenses de l'exercice. Par conséquent, ma/notre vérification de ces transactions  
se borne aux montants déclarés dans les registres comptables de l'association et j'étais/nous  
étions incapable(s) de déterminer s'il pouvait être nécessaire d'apporter des ajustements  
quelconques aux recettes et aux dépenses, à l'actif ou au passif ainsi qu'au surplus/déficit.

À mon/notre avis, sauf en ce qui concerne l'effet des ajustements, le cas échéant, que  
j'aurais/nous aurions pu déterminer comme étant nécessaires si j'avais/nous avions pu me/nous  
convaincre que les registres décrits au paragraphe précédent étaient complets, ces états  
financiers présentent fidèlement, sous tous égards importants, la situation financière de  
l'association au 31 décembre 19\_\_\_\_ ainsi que les recettes et les dépenses pour l'exercice  
alors terminé, conformément aux principes comptables énoncés dans les notes afférentes aux  
états financiers.

La loi ne m'/nous oblige pas à signaler, et cela n'était pas pratique à déterminer non plus,  
si les contributions déclarées ne comprennent que celles qui sont dûment conservées  
conformément aux dispositions de la loi.

## CONVENTIONS COMPTABLES

Les conventions et méthodes de comptabilité sont fixées par la loi et la Commission sur le  
financement des élections par le biais de ses Lignes directrices. L'observation de ces Lignes  
directrices est considérée suffisante pour respecter la loi.

## Contributions

- Au cours d'une année, ou au cours d'une élection, la loi impose un plafond aux sommes que  
peuvent verser à titre de contribution les particuliers, les compagnies, les syndicats et  
autres organismes;
- La Commission exige de remettre un récépissé aux fins d'un crédit d'impôt pour chaque  
contribution;
- Les contributions de biens et services sont comptabilisées à leur juste valeur marchande.

## Dépenses

- La loi impose aux candidats et aux partis politiques un plafond aux sommes qu'ils peuvent  
dépenser au cours de la campagne électorale. La définition de ce que l'on entend par  
dépenses liées à la campagne électorale se trouve dans la loi et les Lignes directrices;
- La loi exige que toutes les dépenses soient comptabilisées à leur juste valeur marchande.

Les stocks du matériel de la campagne comprennent surtout de \_\_\_\_\_,  
et ils sont évalués à leur juste valeur marchande.

Les stocks autres que le matériel de la campagne sont évalués au prix coûtant.

Les immobilisations, qui comprennent surtout \_\_\_\_\_,  
sont passées en charges au cours de l'année de leur acquisition et figurent à l'état de  
l'actif et du passif à une valeur symbolique.

## RAPPORT DU VÉRIFICATEUR

ÉTATS FINANCIERS ANNUELS  
DU PARTI POLITIQUE

Conformément au paragraphe 41 (4) de la Loi de 1986 sur le financement des élections  
(Paragraphe 40(4) de la Loi sur le financement des élections, L.R.O. 1990)

À \_\_\_\_\_, directeur des finances du  
parti politique \_\_\_\_\_ :

J'ai/nous avons examiné l'état de l'actif et du passif de \_\_\_\_\_  
au 31 décembre 19\_\_\_\_ ainsi que l'état des recettes et des dépenses pour l'exercice alors  
terminé. La responsabilité de ces états financiers incombe au directeur des finances.  
Ma/notre responsabilité consiste à exprimer une opinion sur ces états financiers basée sur  
mon/notre examen.

Sauf ce qui est exposé au paragraphe suivant, mon/notre examen a été effectué conformément aux  
normes de vérification généralement reconnues. Ces normes exigent de moi/nous de planifier et  
de réaliser un examen pour obtenir une assurance suffisante que les états financiers ne  
contiennent pas de déclarations erronées importantes. La vérification comporte l'examen, au  
moyen de sondages, des preuves à l'appui des montants et déclarations que renferment les états  
financiers. Elle comporte également l'évaluation des principes comptables appliqués et des  
prévisions faites par le directeur des finances ainsi que l'évaluation de la présentation  
d'ensemble des états financiers.

Étant donné la nature des transactions propres aux organisations de ce genre, les procédés de  
vérification ne permettent pas de déterminer si les registres comptables englobent toutes les  
recettes et dépenses de l'exercice. Par conséquent, ma/notre vérification de ces transactions  
se borne aux montants déclarés dans les registres comptables du parti politique et  
j'étais/nous étions incapable(s) de déterminer s'il pouvait être nécessaire d'apporter des  
ajustements quelconques aux recettes et aux dépenses, à l'actif ou au passif ainsi qu'au  
surplus/déficit.

À mon/notre avis, sauf en ce qui concerne l'effet des ajustements, le cas échéant, que  
j'aurais/nous aurions pu déterminer comme étant nécessaires si j'avais/nous avions pu me/nous  
convaincre que les registres décrits au paragraphe précédent étaient complets, ces états  
financiers présentent fidèlement, sous tous égards importants, la situation financière du  
parti politique au 31 décembre 19\_\_\_\_ ainsi que les recettes et les dépenses pour l'exercice  
alors terminé, conformément aux principes comptables énoncés dans les notes afférentes aux  
états financiers.

La loi ne m'/nous oblige pas à signaler, et cela n'était pas pratique à déterminer non plus,  
si les contributions déclarées ne comprennent que celles qui sont dûment conservées  
conformément aux dispositions de la loi.

## RAPPORT DU VÉRIFICATEUR

ÉTATS FINANCIERS POUR LA PÉRIODE DE LA CAMPAGNE  
ÉLECTORALE DU CANDIDAT

Conformément au paragraphe 41 (4) de la Loi de 1986 sur le financement des élections  
(Paragraphe 40(4) de la Loi sur le financement des élections, L.R.O. 1990)

À \_\_\_\_\_, directeur des finances

Pour \_\_\_\_\_, candidat :

J'ai/nous avons examiné l'état de l'actif et du passif de \_\_\_\_\_  
au \_\_\_\_\_ 19 \_\_\_\_\_ ainsi que l'état des recettes et des dépenses de la campagne  
électorale pour la période de campagne électorale du \_\_\_\_\_ 19 \_\_\_\_\_  
au \_\_\_\_\_ 19 \_\_\_\_\_ relatifs à l'élection en Ontario qui s'est tenue  
le \_\_\_\_\_. Ces états financiers sont la responsabilité du directeur des  
finances et du candidat. Ma/notre responsabilité consiste à émettre une opinion sur ces états  
financiers basée sur ma/notre vérification.

Sauf ce qui est exposé au paragraphe suivant, mon/notre examen a été effectué conformément aux  
normes de vérification généralement reconnues. Ces normes exigent de moi/nous de planifier et  
de réaliser un examen pour obtenir une assurance suffisante que les états financiers ne  
contiennent pas de déclarations erronées importantes. La vérification comporte l'examen, au  
moyen d'un sondage, des preuves à l'appui des montants et déclarations que renferme les états  
financiers. Elle comporte également l'évaluation des principes comptables appliqués et des  
prévisions faites par le directeur des finances et le candidat ainsi que l'évaluation de la  
présentation d'ensemble de l'état financier.

Étant donné la nature des transactions propres à toute campagne électorale, il est impossible  
au moyen des normes de vérification de déterminer si les registres comptables englobent toutes  
les recettes et dépenses pour la période de campagne électorale. Par conséquent, ma/notre  
vérification de ces transactions se borne aux sommes inscrites dans les registres comptables  
de la campagne du candidat et j'étais/nous étions incapable(s) de déterminer s'il y a lieu  
d'apporter des ajustements quelconques aux recettes et dépenses, à l'actif ou au passif, et au  
surplus/déficit.

À mon/notre avis, sauf en ce qui concerne l'effet des ajustements, le cas échéant, que  
j'aurais/nous aurions pu déterminer comme étant nécessaires si j'avais/nous avions pu me/nous  
satisfaire que les registres comptables étaient complets, conformément à la description du  
paragraphe précédent, ces états financiers présentent fidèlement, sous tout aspect important,  
la situation financière de la campagne électorale du candidat au \_\_\_\_\_ 19 \_\_\_\_\_ et  
les recettes et dépenses pour la période de campagne électorale du \_\_\_\_\_ 19 \_\_\_\_\_  
au \_\_\_\_\_ 19 \_\_\_\_\_ selon les principes comptables énoncés dans les notes  
afférentes aux états financiers.

La loi ne m'/nous oblige pas à signaler, et cela n'était pas pratique à déterminer non plus,  
si les contributions déclarées ne comprennent que celles qui sont dûment conservées  
conformément aux dispositions de la loi.

## CONVENTIONS DE COMPTABILITÉ

Les conventions et méthodes de comptabilité sont fixées par la loi et la Commission sur le  
financement des élections par le biais de ses Lignes directrices. L'observation de ces Lignes  
directrices est considérée suffisante pour respecter la loi.

## Contributions

- Au cours d'une année, ou au cours d'une élection, la loi impose un plafond aux sommes que peuvent verser à titre de contribution les particuliers, les compagnies, les syndicats et autres organismes;
- La Commission exige de remettre un récépissé aux fins d'un crédit d'impôt pour chaque contribution;
- Les contributions de biens et services sont comptabilisées à leur juste valeur marchande.

## Dépenses

- La loi impose aux candidats et aux partis politiques un plafond aux sommes qu'ils peuvent dépenser au cours de la campagne électorale. La définition de ce que l'on entend par dépenses liées à la campagne électorale se trouve dans la loi et les Lignes directrices;
- La loi exige que toutes les dépenses soient comptabilisées à leur juste valeur marchande.

Les stocks du matériel de la campagne comprennent surtout de \_\_\_\_\_  
\_\_\_\_\_, et ils sont évalués à leur juste valeur marchande.

Les stocks autres que le matériel de la campagne sont évalués au prix coûtant.

## RAPPORT DU VÉRIFICATEUR

ÉTAT FINANCIER POUR LA PÉRIODE DE LA CAMPAGNE ÉLECTORALE  
ASSOCIATION DE CIRCONSCRIPTION

Conformément au paragraphe 41 (4) de la Loi de 1986 sur le financement des élections  
(Paragraphe 40(4) de la Loi sur le financement des élections, L.R.O. 1990)

À : \_\_\_\_\_, directeur des finances de  
l'association de circonscription de \_\_\_\_\_ :

J'ai/nous avons examiné l'état des recettes et des dépenses de \_\_\_\_\_ pour la période de la campagne électorale du \_\_\_\_\_ au \_\_\_\_\_ relatif à l'élection en Ontario qui s'est tenue le \_\_\_\_\_. Cet état financier est la responsabilité du directeur des finances. Ma/notre responsabilité consiste à émettre une opinion sur cet état financier basée sur ma/notre vérification.

Sauf ce qui est exposé au paragraphe suivant, mon/notre examen a été effectué conformément aux normes de vérification généralement reconnues. Ces normes exigent de moi/nous de planifier et de réaliser un examen pour obtenir une assurance suffisante que l'état financier ne contient pas de déclarations erronées importantes. La vérification comporte l'examen, au moyen d'un sondage, des preuves à l'appui des montants et déclarations que renferme l'état financier. Elle comporte également l'évaluation des principes comptables appliqués et des prévisions faites par le directeur des finances ainsi que l'évaluation de la présentation d'ensemble de l'état financier.

Étant donné la nature des transactions propres aux organisations de ce genre, il est impossible au moyen des normes de vérification de déterminer si les registres comptables englobent toutes les recettes et dépenses pour l'année. Par conséquent, ma/notre vérification de ces transactions se borne aux sommes inscrites dans les registres comptables de l'association et j'étais/nous étions incapable(s) de déterminer s'il y a lieu d'apporter des ajustements quelconques aux recettes et dépenses.

À mon/notre avis, sauf en ce qui concerne l'effet des ajustements, le cas échéant, que j'aurais/nous aurions pu déterminer comme étant nécessaires si j'avais/nous avions pu me/nous satisfaire que les registres comptables étaient complets, conformément à la description du paragraphe précédent, cet état financier présente fidèlement, sous tout aspect important, les recettes et dépenses pour la période de campagne électorale selon les principes comptables énoncés dans les notes afférentes à l'état financier.

La loi ne m'/nous oblige pas à signaler, et cela n'était pas pratique à déterminer non plus, si les contributions déclarées ne comprennent que celles qui sont dûment conservées conformément aux dispositions de la loi.

J'ai/nous avons examiné l'état des recettes et des dépenses de \_\_\_\_\_

## Workers' Compensation Board Commission des accidents du travail

IN THE MATTER OF Section 95  
of the *Workers' Compensation Act*  
R.S.O. 1990, c. W.11, as amended;

AND IN THE MATTER OF the IDSP Report  
to the Workers' Compensation Board on  
Further Findings on Respiratory Complications  
for Non-Malignant Respiratory Disease

### REQUESTS FOR SUBMISSIONS

Section 95 of the *Workers' Compensation Act* provides for the creation of an Industrial Disease Standards Panel (the Panel). It is the function of the Panel to:

- (a) investigate possible industrial diseases;
- (b) make findings as to whether a probable connection exists between a disease and an industrial process, trade or occupation in Ontario;
- (c) create, develop and revise criteria for the evaluation of claims respecting industrial diseases; and,
- (d) advise on eligibility rules regarding compensation for claims respecting industrial diseases.

On March 25, 1993, the Panel presented to the Workers' Compensation Board (the Board), its Report No. 11, entitled "Respiratory Complications Among Workers Receiving Compensation for Non-malignant Respiratory Disease". In this report, the Panel finds that workers who suffer from compensable non-malignant respiratory diseases for which WCB benefits for impairment have been paid, are likely to suffer from additional respiratory problems. Specifically for those workers, the Panel finds:

1. A probable connection between the occurrence of non-malignant respiratory disease and the occurrence of respiratory infections.
2. A probable connection between the increased incidence of infection and an increased impairment during life. Furthermore, among these workers there is a greater probability of death resulting from respiratory infections.
3. An increase in mortality from concurrent non-compensable non-malignant respiratory disease as a result of the cumulative impact on lung function.

The Panel also made three recommendations:

1. The Board should notify workers in receipt of a WCB award for an impairment due to non-malignant respiratory disease and their physicians of the existence of Policy Document No. 03-04-02. This will ensure that eligible workers are aware that additional entitlement may be payable for secondary respiratory conditions.
- 2a. The Board should investigate the cause of death for all workers who during their lifetimes were in receipt of benefits for a non-malignant respiratory disease.
- 2b. Notwithstanding the recorded cause of death, if the compensable non-malignant respiratory disease is judged to have significantly contributed to the death of the worker, the appropriate dependency benefits should be paid.

Pursuant to subsection 95 (12) of the Act, the Board published the Panel's report in the Ontario Gazette on May 15, 1993 and requested comments, briefs and submission be filed with the Board within 90 days. During this period, one submission was received.

On April 2, 1994, the Board published its response to Report No. 11 in the Ontario Gazette. In the response, the Board requested the Panel to further investigate the relationship between specific non-malignant respiratory diseases (as primary conditions) and their probable secondary conditions and to provide more specific advice on:

- which non-malignant respiratory diseases are probably connected to which infections;
- which non-malignant respiratory diseases are thereby probably connected to further impairment and/or premature death;
- what is the influence of other work or non-work-related factors on the development of these infections, impairment, or premature death.

Furthermore, if the Panel finds a probable connection between a non-malignant respiratory Disease "X", and a Secondary Condition "Y" which directly causes death, then the Board would appreciate answers to the following questions:

- Should the Board investigate the death of all workers who have been compensated for Disease "X" and determine whether there is any evidence that the worker actually died of Condition "Y", regardless of the official reported cause of death listed on death certificates?
- Should Condition "Y" be entered into Schedule 3, so that any worker who dies of Condition "Y" and who has worked in an industry that caused Disease "X" could be presumed to have died on an industrial disease and be compensated accordingly? How could the contrary be proved?
- If Condition "Y" should not be entered into Schedule 3, what kind of evidence would be persuasive to establish that the worker's death was caused by Disease "X", a work-related disease, and thus could be considered work-related itself?

In addition to the Gazette notice, then Chairman of the Board, Mr. Odoardo Di Santo wrote to the Panel Chair on April 5, 1994 requesting the Panel to provide the Board with the above described information.

On September 15, 1994, Ms. Nicolette Carlan, Chair of the Panel, sent a letter to Mr. Kenneth Copeland, Vice-Chair of Administration and Chief Executive Officer of the Board. In this letter, the Panel addresses the Board's request for information and requests the Board to publish the letter in the Gazette.

Therefore, in accordance with sub-section 95 (12) of the *Workers' Compensation Act*, the Board has published this notice setting forth the nature of the findings of the Panel and hereby requests written comments, briefs and submissions from any interested parties. Comments, briefs and submissions must be filed with the board within 60 days of the date of this notice.

All comments, briefs and submissions related to this report should be sent to **Ms. Linda Angove, Secretary of the Board, Workers' Compensation Board, 2 Bloor Street East, 20th Floor, Toronto, Ontario M4W 3C3.**

All submissions will become public documents and will be maintained in the Library of the Workers' Compensation Board.

Upon the expiry of the 60 day period herein, the Board, pursuant to subsection 95 (13), may accept the findings of the Panel with or without amendments or it may reject the findings.

Notice of the Board's acceptance or rejection, with reasons therefor, will be published in *The Ontario Gazette* in accordance with subsection 95 (15) of *The Workers' Compensation Act*.

September 15, 1994

Mr. Kenneth Copeland  
Vice-Chair of Administration  
and Chief Executive Officer  
Workers' Compensation Board  
2 Bloor Street East, 20th Floor  
Toronto, Ontario  
M4W 3C3

Dear Mr. Copeland:

The Workers' Compensation Board response to IDSP Report No. 11, *Respiratory Complications Among Workers Receiving Compensation for Non-malignant Respiratory Disease*, was published in *The Ontario Gazette*. Vol. 127-14, April 2, 1994. In that response, the Board asked the Panel to provide further clarification to its findings.

In essence the Board had two concerns with the Panel's Report.

In the first instance, the Board was concerned that the Panel's recommendations were lacking in precision when they referred to non-malignant respiratory disease. As the Board properly pointed out, it was the Panel's intention to direct the Board's attention to the claims of workers who were suffering from non-malignant respiratory diseases that had resulted in a permanent impairment of lung functioning. In particular, the Panel did not intend that simple, uncomplicated upper respiratory tract infections be compensated pursuant to these recommendations. Furthermore, the Panel did not intend that acute conditions caused by exposure to chemical fumes or vapours and resulting in no permanent impairment should be considered non-malignant respiratory diseases. This clarification should address the Board's concern.

Secondly, the Board asked the Panel to identify which opportunistic infections are associated with which compensable non-malignant respiratory diseases. As the Board knows, the associations between silicosis and pulmonary tuberculosis, and between asbestosis, byssinosis, complicated coal workers' pneumoconiosis, hard metal disease and pneumonia, for example, are well known. The spirit of the Panel's report is to address the broad issue of compensating secondary infections which cause additional impairment during life and may contribute to death among workers already receiving awards for permanent respiratory disability. The Panel is unable to identify any benefit that would be derived from a more detailed examination of the association between a specific infection and disease. This additional research would drain our limited resources and is unlikely to provide any useful information. Therefore, the Panel is not prepared to undertake the additional research requested by the Board.

In the alternative the Panel suggests that the Board undertake a pilot project for one year to implement the spirit of the Panel's recommendations, and advise the Panel at the end of that time of the difficulties it has encountered. Following an examination of the results of the pilot project the Panel and the Board might be in a better position to explore research that would allow the Panel's recommendations to be implemented with ease.

It may be appropriate that this letter of response be published in the Ontario Gazette.

Sincerely,

Nicolette Carlan  
Chair

(3) If practicable, a dedicated system for the processing and tabulation of votes shall be used.

6. (1) The test shall be conducted as follows:

1. Program the vote tabulators.

### ONTARIO REGULATION 682/94 made under the ENVIRONMENTAL ASSESSMENT ACT

Approved: September 21, 1994  
Filed: October 31, 1994

#### EXEMPTION—MINISTRY OF NATURAL RESOURCES—MNR-61

Having received a request from the Minister of Natural Resources that an undertaking, namely:

The activities of,

- (a) designating, by regulation under the *Provincial Parks Act*, areas in Ontario as provincial parks; and
- (b) designating, under the *Public Lands Act*, areas in Ontario as conservation reserves,

in respect of recommended provincial parks and conservation reserves, listed in Condition 9 below,

be exempt from the application of the Act pursuant to section 29; and having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property will occur:

- A. The Government of Ontario and the Ministry of Natural Resources (MNR) will be damaged by the interference with their commitment to the Keep It Wild campaign, a program aimed at completing the province's system of provincial parks and protected areas by the year 2000.

- B. Protection offered by the *Provincial Parks Act* to the recommended provincial park areas will be delayed.
- C. Protection offered by the *Public Lands Act* to the recommended conservation reserves will be delayed.
- D. The public will be damaged by the loss of anticipated benefits associated with resource protection, scientific research and education opportunities, and the provision of outdoor recreation opportunities and associated tourism benefits.
- E. The MNR is preparing an Environmental Assessment for Provincial Park Management, the completion and pre-submission consultation for which would be hampered by the requirement to seek separate approval for those activities in respect of provincial parks specified within this undertaking.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The objectives of the Keep It Wild campaign and the provincial parks program are consistent with the conservation, protection and wise management of the environment.
- B. The establishment of new provincial parks and conservation reserves and the completion of the system of provincial parks and protected areas by the year 2000 has generated strong public interest.
- C. The establishment and management of new provincial parks and conservation reserves will protect outstanding natural, cultural and recreational features and environments.
- D. Upon regulation, provincial parks will become subject to Exemption Order MNR-59/2, filed as O. Reg. 83/94 and its successors.
- E. MNR has advised me that, with the exception of the proposed Westplain Mud Lake Fen, which will remain in private ownership, to be managed under agreement by the Ministry of Natural Resources as a Nature Reserve Provincial Park, all of the sites subject to this order have been subject to a process of public notification and consultation.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as, or is part of, an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms and conditions in the approval to proceed as well as the conditions of this order.
2. Where any activity which is the subject of this order is being carried out as, or is part of, another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms and conditions in the other exemption order as well as the conditions in this order.
3. The MNR shall notify, individually, each landowner whose property would abut or would be surrounded by a provincial park or conservation reserve. Such notification shall occur prior to designation of the area, either by regulation of the area under the *Provincial Parks Act* or designation of the conservation reserve under the *Public Lands Act*.

4. The Ministry of Natural Resources shall develop policies and guidelines for the planning and management of conservation reserves within six months of the date of this exemption order. The undertaking of management of conservation reserves will require a separate approval under the *Environmental Assessment Act*.
5. Until the undertaking of management of conservation reserves receives approval under the *Environmental Assessment Act*, conservation reserves may be managed on an interim basis as Crown land to maintain the integrity of natural resources.
6. Immediately upon designation of a conservation reserve, MNR will prohibit commercial timber management activities, mining, hydroelectric development and other industrial uses within the reserve.
7. MNR shall provide opportunity for involvement of interested and affected parties in the development of guidelines and policies for the planning and management of conservation reserves.
8. Where an emergency situation exists by reason of danger to the health or safety of any person or the injury, damage or impairment or immediate risk of injury, damage or impairment to property, plant or animal life or the environment, the MNR District Manager may determine, where possible in consultation with the MOEE District Officer, and carry out a course of action to address the situation. The MNR District Manager shall, after the emergency situation has been dealt with, notify the Director of the EA Branch, MOEE and the appropriate MOEE Regional Director of the actions carried out, why the actions were necessary, any required future actions and how MNR intends to comply with the requirements of the Act for those future actions.

## Workers' Compensation Board Commission des accidents du travail

### REPORT TO THE WORKERS' COMPENSATION BOARD ON IDSP REVISIONS TO SCHEDULE 3: PHASE ONE

November, 1994

Industrial Disease Standards Panel

IDSP Report No. 14

Toronto, Ontario

#### Industrial Disease Standards Panel

In 1985 the Ontario legislature established the Industrial Disease Standards Panel (IDSP) to investigate and identify diseases related to work. The Panel is independent of both the Ministry of Labour and the Workers' Compensation Board. At the end of each fiscal year the WCB reimburses the Ministry for the Panel's expenditures.

The Panel's authority flows from section 95 of the Workers' Compensation Act and its functions are set out as follows:

- 95 (8) (a) to investigate possible industrial diseases;  
(b) to make findings as to whether a probable connection exists between a disease and an industrial process, trade or occupation in Ontario;  
(c) to create, develop and revise criteria for the evaluation of claims respecting industrial diseases; and  
(d) to advise on eligibility rules regarding compensation for claims.

Decisions of the Panel are made by its members who represent labour, management, scientific, medical and community interests. Once the Panel makes a finding, the WCB is required to publish the Panel's report in the Ontario Gazette and solicit comments from interested parties. After considering the submissions the WCB Board of Directors decide if the Panel's recommendations are to be implemented, amended or rejected.

To assist with its work, the Panel has a small staff of researchers, analysts and support people. In addition to its own staff, the Panel relies heavily on the advice of outside experts in science, medicine and law, as well as input from parties of interest.

## REPORT TO THE WCB ON IDSP REVISIONS TO SCHEDULE 3: PHASE ONE

### The Issue and How it Arose

Approximately two years ago in the course of inter-agency discussions, the Workers' Compensation Board (WCB) made an informal request to the Industrial Disease Standards Panel (IDSP) for a revision of Schedule 3 in Regulation 951 to *The Workers' Compensation Act* (the Act). The request arose from an apparent dissatisfaction with the Schedule's existing form and contents on the part of stakeholders and adjudicators who find the Schedule to be in need of revisions. Furthermore, all parties interested in the revision of Schedule 3 are agreed that the existing form and contents are out of date and that a viable Schedule needs constant updating. The Panel examined the Board's request and agreed to revise the Schedule.

Schedule 3 has been part of Ontario workers' compensation law since its inception in 1914 and included only six diseases. Between 1914 and the present, Schedule 3 has been amended about 14 times. The amendment before last was in 1965, which simply changed the wording of the existing Tuberculosis entry made in 1951. The last amendment was in May 1994, which added nasal and sinus cancer in the nickel industry. In the interim, the WCB has been able to add to the list of compensable diseases by declaration without formal amendment of Reg. 951. This was accomplished by the use of disease guidelines.

The Schedule's original function was to provide an exclusive list of compensable diseases; that is, it gave public notice of which diseases alone were compensable under the Act. The list lost its exclusivity when the definition of industrial disease was made more inclusive in 1984. Schedule 3, however, has not lost its notice function. Diseases listed in Schedule 3 were also given the benefit of an explicit presumption of cause; therefore, a listed disease could be presumed to be caused by a listed work process, unless the contrary were proved.

### Investigations by the Panel

The IDSP undertook the revision of the current Schedule 3 (Appendix 1) pursuant to its mandate in s.95 of the Act. The project began with an examination of relevant sections of the Act, the legal definition of industrial disease, the presumptive clauses pertaining to Schedule 3, current adjudicative practice and Workers' Compensation Appeal Tribunal (WCAT) decisions concerning occupational disease claims.

After gaining a thorough understanding of the applicable law, the meaning and effect of the presumptive clauses and disease adjudication, the Panel then proceeded to an investigation on the use of disease schedules or their equivalent in other jurisdictions, with particular focus on Canada.

The Panel also produced a prototype called, *Guides For The Adjudication Of Occupational Diseases*. The prototype was needed to test the feasibility of a disease schedule. Adjudication by reference to a schedule alone is impracticable because decision makers need readily available information on diseases, conditions and work processes to guide them. In addition to the Guides, the Panel commissioned a literature review on occupational exposures and effects relating to a particular chemical (cadmium).

### Revisions by the Panel

As investigations moved forward, the project of revising Schedule 3 became larger than first anticipated. The IDSP has concluded that revision should proceed in phases.

The compensation of occupational diseases<sup>1</sup> happens by virtue of section 1(1) of the Act, which contains the following:

"industrial disease" includes,

- (a) a disease resulting from exposure to a substance relating to a particular process, a trade or occupation in an industry,

- (b) a disease peculiar to or characteristic of a particular industrial process, trade or occupation,
- (c) a medical condition that in the opinion of the Board requires a worker to be removed either temporarily or permanently from exposure to a substance because the condition may be a precursor to an industrial disease, or
- (d) any of the diseases mentioned in Schedule 3 or 4; ("maladie professionnelle").

In subparagraphs (a) to (c), a disease or medical condition<sup>2</sup> is compensable if it meets the requirements set out in the whole definition.<sup>3</sup> In (d) scheduled diseases are demonstrably industrial diseases because they meet the definition and therefore are either presumed or deemed to be caused by the employment.

The legislative intent in (d) is to expedite the process of adjudication in disease claims. To be compensable, a disease must meet the criteria set out in the Act. A schedule of diseases, therefore, gives public notice that diseases in Column 1 meet the legal criteria and are considered to be characteristic of the work processes specified in Column 2, unless the contrary is proved in a particular case.

Disease compensation is aided by the evidentiary presumptions set out in s.134(9)-(10) of the Act, which state:

- (9) *If the worker at or before the date of the disablement was employed in any process mentioned in the second column of Schedule 3 and the disease contracted is the disease in the first column of the Schedule set out opposite to the description of the process, the disease shall be deemed to have been due to the nature of that employment unless the contrary is proved.*
- (10) *If the worker at or before the date of the disablement was employed in any process mentioned in the second column of Schedule 4 and the disease contracted is the disease in the first column of the Schedule set out opposite to the description of the process, the disease shall be conclusively deemed to have been due to the nature of the employment. 1984, c. 58, s. 34 (1).*

If the prerequisites set out by these two subsections are met, then the law directs that claims for scheduled diseases are either presumed compensable until proved otherwise or deemed compensable.<sup>4</sup> Adjudication by schedule proceeds on the basis that a probable connection between disease and work is demonstrable.

Both law and practice concerning occupational disease compensation is more or less uniform in Canada, the sole exception being Saskatchewan.<sup>5</sup> A compensable disease is therefore any disease that can be shown to be work-related or that is already legally recognized as work-related. Schedules legally recognize certain diseases as compensable on an explicit presumption of their origin.

<sup>2</sup> In this Report, the term, disease, means disease or condition or both.

<sup>3</sup> As revealed in the qualifying language of each subparagraph.

<sup>4</sup> Until the law is changed to say otherwise. Another example of statutory direction is s.134(12), which stipulates that notwithstanding other provisions in the Act, compensation for silicosis will not be payable unless work exposure to silica amounts to at least two years before impairment. Section 134(16) does the same for asbestosis. The presumption in s.134(9) is thus rebutted if the evidence shows less than the minimum stipulated exposure.

<sup>5</sup> Saskatchewan compensates accidents and occupational diseases case-by-case as injuries; its Act has neither a disease schedule nor a definition of occupational disease. By contrast, Manitoba has no schedule but uses guidelines and includes diseases in the definition of accident, as well as a separate definition of occupational disease.

<sup>1</sup> The Panel has adopted this term in place of industrial diseases.

**Phase One.** The revisions to the Schedule identified in Phase One do not deviate from the existing law or propose any substantive changes to existing protection. In this Phase, the Panel will recommend changes to the format of Schedule 3 and editorial changes to the content. This Report therefore ends Phase One of the Schedule 3 project.

**Phase Two** will recommend additions or deletions to the Schedule. For example, diseases specific to a chemical agent listed under Poisoning can be added in the appropriate disease category; benzene induced leukaemia, after the appropriate investigation, could be added under, Cancers. Inclusion of agent specific diseases clarifies the law and enhances adjudication. Specification also strengthens the causal presumption.<sup>6</sup>

Other changes can be made in the following way:

#### a) Progressive Injuries

In Ontario, practice distinguishes between progressive injuries that are disablements and diseases that are progressive injuries. The WCB tracks the following Schedule 3 diseases as accidents (by definition an accident includes disablements):<sup>7</sup>

- Bursitis
- Infected Blisters
- Tenosynovitis
- Ulceration of the Corneal Surface
- Welder's Flash/Retinitis

All five can be called diseases to the extent of their chronic effects in certain circumstances. All five injuries have a common etiology: repeated exposure.

Should these five be included in the Schedule? Any of the five could be called an accident; however, Canadian practice has long treated these injuries as diseases.<sup>8</sup> They are considered diseases because they manifest themselves over time.

Deleting any of these injuries from the Schedule would amount to a substantive change in the law. Such a change cannot be contemplated without detailed justification and consultation.

#### b) Diseases Recognized by WCB Guidelines

One way to update the Schedule is by inclusion of occupational diseases recognized by the WCB but not included in the schedules. Such diseases are legally compensable and can therefore be presumed occupational in origin. They are regulated by guidelines.<sup>9</sup> The current guidelines identify occupational diseases (listed below) associated with particular exposures, occupations or work sites, as noted in parentheses:

- Lung cancer  
(arsenic, asbestos, nickel smelting and nickel production, Dofasco foundries,<sup>10</sup> Deloro Smelting and Refining, INCO refineries, gold miners)

- Laryngeal cancer (asbestos, nickel)
- Nasal cancer (nickel production)<sup>11</sup>
- Gastrointestinal cancer (asbestos)
- Poliomyelitis
- Fume [isocyanate] Toxicity
- Rabies
- Noise Induced Hearing Loss
- Tinnitus
- Vibration Induced White Finger Disease
- Chronic Obstructive Lung Disease (smelter workers)
- Emphysema (alpha 1 anti-trypsin deficiency)
- Scleroderma (silica).

The legal effect of guidelines is to identify compensable diseases without formal amendment of Schedule 3. Any disease so recognized can therefore be presumed to have a probable connection to work.

The Panel believes that guideline diseases vary from scheduled diseases only in their strength of association to work. If the probable connection is conclusive, then the disease should be in Schedule 4, and if it is strong, the disease should be in Schedule 3. If the probable connection is moderate, however, the disease should be regulated by guideline.

There is a difference between a probable and possible connection to work. Diseases not regulated by guidelines or by schedules are possibly work-related and therefore adjudicated case-by-case. A possible connection could eventually be recognized as a probable one.

Some of the guideline diseases listed above can be scheduled with less intensive study than needed for new diseases. Apart from the cancers, none of the diseases in the current guidelines appears controversial for occupational origin. Furthermore, a recommendation to schedule one of these diseases would be reinforced if it were already scheduled in other Canadian jurisdictions.

An examination of Appendix 3, which is an inter-jurisdictional comparison of scheduled diseases, may indicate which Ontario WCB guideline diseases should be considered for scheduling.

#### c) Diseases Scheduled in Other Canadian Jurisdictions

It could be reasonable to use other schedules in Canada as a reference for adding new entries to Schedule 3 because other jurisdictions reflect a common historical experience and similar responses to occupational disease compensation. For diseases not yet listed in Ontario, the fact of being scheduled elsewhere will at least signal the need to schedule, provided that the relevant causative processes are found here.

This Phase will investigate the guideline diseases and the diseases scheduled in other Canadian jurisdictions. New diseases will require longer study before a determination can be made on the probability of work-relatedness.

**Phase Three** will initiate a continual update of the Schedule. Both Phases Two and Three will involve IDSP development of accompanying guidelines and background materials for stakeholder and adjudicator reference.

## THE PANEL'S FINDINGS

### I. The Current Schedule

The IDSP confirms the WCB's finding that there is a probable connection between work and the diseases currently listed in Schedule 3, shown in Appendix 1.

### II. Interjurisdictional Use of Schedules

Appendix 3 is a comparison (to 1992) of occupational disease compensation in jurisdictions using schedules or the equivalent. Use of schedules is almost universal for the compensation of occupational diseases. Canadian jurisdictions also accept claims for unlisted occupa-

6 Inclusion could fortify the presumption to the point where there is a peculiar association between agent and disease that calls for inclusion in Schedule 4.

7 1. (1) In this Act, "accident" includes,  
(a) a wilful and intentional act, not being the act of the worker,  
(b) a chance event occasioned by a physical or natural cause, and  
(c) disablement arising out of and in the course of employment;  
("accident") R.S.O. 1980, c.539, s.1(1), cl. (a); 1982, c. 61, s. 2.

8 British Columbia, Alberta, Quebec, New Brunswick, Nova Scotia and Prince Edward Island have scheduled some or all of these five injuries.

9 Operational Policy Manual. Workers' Compensation Board of Ontario. There are 17 guidelines for unscheduled diseases.

10 Here is a good example of why the guidelines need updating; Dofasco no longer owns the foundries.

11 This disease has been placed on both schedules; however, the guideline also deals with case-by-case adjudication.

tional diseases. Jurisdictions that accept claims only for listed diseases sometimes retain inclusive definitions for certain diseases.<sup>12</sup>

### III. Form and Contents of Schedule 3

Appendix 2 contains the Panel's revision of the existing form and contents of Schedule 3 and proposes changes as they would appear in a WCB approved amendment of the Regulations to the Act.

The revised Schedule retains the two column format with changes to enhance the schedule's notice function. Entries are therefore grouped by natural affinity and appropriately titled. For example, "Respiratory Diseases", identifies the obvious,

For the time being, the Panel has decided to keep the current natural grouping, Poisoning and its Sequelae. Any disease induced by a poisoning can be presumed compensable if there is work exposure to the specified agent. Agent specific diseases could also be added to the Schedule under relevant headings in Phase Two.

The other schedule entries have been edited to clarify disease and process descriptions. For example, the WCB adjudicates claims for welder's flash (damage to the cornea) under the existing entry for Retinitis (damage to the retina). Given the true but different natures of these two conditions, however, claims for one cannot be taken as claims for the other. The proposed entry for these conditions preserves existing protection by synchronizing the law with practice. Editorial changes also make the language more relevant to practice (e.g., the proposed column entries for radiation diseases). Missing column entries were added for

clarification, and processes included in the description of disease were shifted to the second column. In any case, none of these revisions has made substantive changes to the law.

Changes from the original are noted in italics.

Because Phase One involves only a revision of the form and content of the existing Schedule without additions or deletions, the Panel concludes that the WCB should proceed with the development of adjudicative Guides for the revised entries. The IDSP agenda and limited financial resources do not permit the Panel to undertake the development of such Guides at this time.

### SUMMARY

The IDSP has determined that Schedule 3 should be updated and kept current on an ongoing basis. Because revision of the Schedule needs to be supplemented by the development of resource materials for interested parties, the project for revising the Schedule should proceed in phases. Phase One closes with the revision of the existing form and contents of Schedule 3 as set out in Appendix 2.

Phase Two will be the addition or deletion of entries in Schedule 3. Additions to the Schedule must have a demonstrably probable connection to an industry, trade, occupation or work process. Deletions can be made if a condition is not a disease but is compensable as an accident. In either case, the requirements or effect of the Act are met and maintained.

### THE PANEL'S RECOMMENDATIONS

1. *That the WCB approve the revised form and contents of the Schedule as set out in Appendix 2.*
2. *That the WCB prepare the Guides (e.g., background materials, fact sheets and rebuttal matrices) for adjudicating claims under the current Schedule 3 as revised.*

12 For example, British legislation retains poisonings by the work process. France has an exclusive schedule with diverse specified processes, symptoms and diseases. The term poisoning is thus narrowed to particular diseases and specified symptoms, such as plumbism.

3. The proponent shall file an annual report to the Regional Director, Ministry of Environment and Energy, outlining the proponent's progress in operating the site in an environmentally sound manner and progress in implementing the long-term waste management program; a copy of the reports shall also be submitted to the Director, Approvals Branch, Ministry of Environment and Energy. The proponent may cease filing such reports after the site has been closed to the satisfaction of the Director, Approvals Branch and that Director has advised the proponent in writing that further reports are not required pursuant to this condition.

3. (1) Every retirement pension payable under the Act to a worker who has a spousal partner on reaching 65 years of age, shall be paid as a joint and survivor annuity, as described in paragraph 1 of subsection 2 (1), unless the worker and the spousal partner have made an election under subsection (2) of this section and the election has not been revoked by them under subsection (4) of this section.

(2) The worker may, together with the spousal partner, elect not to have the retirement pension paid as a joint and survivor annuity.

(3) To be effective, an election under subsection (2) must be in writing, must be signed by the worker and the spousal partner and must be received by the Board on or before the worker's sixty-fifth birthday.

(4) An election under subsection (2) may be revoked by written notice signed by the worker and the spousal partner and received by the Board on or before the worker's sixty-fifth birthday.

(5) Subject to subsection 6 (5), where this section requires a retirement pension to be paid as a joint and survivor annuity, the amount of each pension payment payable to the surviving spousal partner shall be 60 per cent of each pension payment payable to the worker, unless the worker has elected to have the survivor pension payments set at 75 per cent or at 100 per cent of each pension payment payable to the worker.

(6) To be effective, an election under subsection (5) must be in writing, must be signed by the worker and must be received by the Board on or before the worker's sixty-fifth birthday.

## PAYMENT SCHEMES OTHER THAN JOINT AND SURVIVOR ANNUITY

- (a) according to the payment scheme elected by the worker under subsection (1), where the worker has made an election under subsection (1); or
- (b) as a life annuity with a fixed guarantee period, as described in paragraph 4 of subsection 2 (1), where the worker has not made an election under subsection (1).

(4) The guarantee period for a life annuity paid under clause (3) (b) shall be 10 years.

## CONVERSION TO JOINT AND SURVIVOR PAYMENT SCHEME

(4) Where an election is made under subsection (1), the pension payments payable to the worker shall be actuarially adjusted so that the commuted value of his or her pension immediately before the election equals the commuted value of the worker's retirement pension immediately after the election, taking into account the election made and the spousal partner's age.

(5) Subject to subsection 6 (5), the amount of each pension payment payable to the surviving spousal partner shall be 60 per cent of each pension payment payable to the worker, unless the worker has elected to have the survivor pension payments set at 75 per cent or at 100 per cent of each pension payment payable to the worker.

## INDEXING

6. (1) A worker may elect to receive his or her retirement pension payments under the Act on an indexed basis, to permit periodic increases in the amount of the payments.

(2) To be effective, an election under this section must be in writing, must be signed by the worker and must be received by the Board on or before the worker's sixty-fifth birthday.

(4) A worker who makes an election under this section shall receive his or her retirement pension payments according to the indexing formula selected by him or her in accordance with subsection (3) or, where no such selection was made, according to an actuarially determined indexing formula selected by the Board.

(5) Where a worker who has made an election under this section dies leaving a spousal partner entitled to a survivor annuity, whether under section 3 or 5, the amount of the payments to the survivor shall be indexed in the same manner as were the payments to the worker and, for that purpose, the amount of the first payment to the spousal partner shall be determined by applying the percentage determined under subsection 3 (5) or 5 (5) to the last payment paid to the worker.

## PRE-RETIREMENT DEATH BENEFIT

7. (1) If a worker who has received a payment under section 43 of the Act dies before beginning to receive a retirement pension under the Act, a death benefit shall be paid to the worker's surviving spouse or dependants, if any, in accordance with this section.

(2) A death benefit payable under this section to a worker's spouse or dependants shall be equal in value to the worker's account balance.

***Documents devant être examinés initialement par un juge seul***

(2) Les documents dans un appel sont examinés par un juge, qui peut donner des directives indiquant s'il y a lieu d'ordonner que l'intimé dépose une plaidoirie écrite et prescrire les délais à cette fin et pour le dépôt de toute réponse écrite par l'appellant.

(3) Si le juge estime qu'il n'est pas nécessaire que l'intimé fasse une plaidoirie écrite, il rédige une ébauche de ses motifs pour rejeter l'appel, et le dossier est alors renvoyé à deux membres de la formation pénale.

(4) Si les deux membres de la formation pénale s'entendent avec le juge et signent les motifs de rejet, l'appel est rejeté, et les motifs de rejet sont traités comme un jugement en délibéré.

(7) Lorsque la réponse de l'auteur de la motion, sous la forme d'observations écrites, a été reçue ou lorsque le délai de présentation des observations est écoulé, l'appel est renvoyé à une formation pénale pour qu'elle prenne une décision, laquelle motive son jugement par écrit, et les motifs sont traités comme un jugement en délibéré.

***La formation pénale peut exiger des observations orales***

(2) Despite subrule (1), an appellant in an inmate appeal who has indicated that he or she desires to present the appeal in person may request that his or her appeal be dealt with as an appeal in writing, and thereupon a judge may direct that the appeal proceed in accordance with rule 26.

#### **INMATE APPEALS—APPEALS IN WRITING**

##### *Inmate to be given appeal book and time to prepare argument*

**26.** (1) Where the appellant in an inmate appeal has indicated in the notice of appeal that he or she desires to present the case on appeal and argument in writing and the notice of appeal was served within the time limited by rule 5 or an extension of time has been granted, the Registrar shall notify the appellant that he or she has the right to present further written submissions within 14 days after receipt of the appeal book, unless this has already been done in connection with an application for extension of time for appeal.

##### *Appeal to be considered initially by single judge*

(2) The appeal shall be considered by a judge.

(3) If the judge considers that the appeal has sufficient merit to require argument from the respondent, the judge shall so endorse the file, whereupon the Registrar shall transmit to the respondent copies of the notice of appeal, the written submissions of the appellant, if not included in the notice of appeal, together with notification that the submissions of the respondent in answer to the appeal should be made in writing within 20 days of the receipt of the material from the Registrar and that four copies thereof be filed with the Registrar.

##### *Procedure where judge considers appeal should be dismissed*

(4) If the judge considers that the appeal does not have sufficient merit to require argument from the respondent, the judge shall write draft reasons for judgment dismissing the appeal and refer the appeal with the reasons to two members of the criminal panel.

(5) If the two members of the criminal panel agree with the judge and sign the reasons for judgment, the appeal shall be dismissed and the reasons for dismissal dealt with as if the reasons were a reserved judgment.

##### *Procedure where criminal panel requires argument from prosecutor*

(6) If one of the two members of the criminal panel considers that written submissions should be required from the respondent, the provisions of subrule (3) where argument is required from the respondent apply.

(7) Where submissions have been required from the respondent, a copy of them shall be transmitted to the appellant by the Registrar together with a notification that he or she may make written submissions in reply within 14 days of receipt of the submissions of the respondent.

(8) When the appellant's submissions in reply have been received, or the time for submitting them has expired, the appeal shall be referred for disposition to the criminal panel, which shall give written reasons for judgment, to be dealt with as if the reasons were a reserved judgment.

##### *Criminal panel may require oral submissions*

(9) Despite subrule (8), the criminal panel considering the appeal under that subrule may direct that the appeal be listed for hearing and, in that event, may request the Attorney General to arrange for the attendance of the appellant at the hearing.

(2) Malgré le paragraphe (1), dans l'appel d'une personne détenue, l'appellant qui a indiqué qu'il souhaite présenter l'appel en personne peut demander que son appel soit traité comme un appel par écrit, et un juge peut dès lors ordonner que l'appel procède conformément à la règle 26.

#### **APPELS DE PERSONNES DÉTENUES—APPELS PAR ÉCRIT**

##### *Remise du dossier d'appel à la personne détenue, qui doit avoir le temps de préparer sa plaidoirie*

**26.** (1) Si l'appellant, dans l'appel d'une personne détenue, a indiqué dans l'avis d'appel qu'il souhaite présenter le dossier porté en appel et sa plaidoirie par écrit, et si l'avis d'appel a été signifié dans le délai imparti à la règle 5 ou qu'une prorogation de délai a été accordée, le greffier avise l'appellant qu'il a le droit de présenter d'autres observations écrites dans les 14 jours de la réception du dossier d'appel, à moins que ceci n'ait déjà été fait dans le cadre d'une demande de prorogation de délai d'appel.

##### *L'appel doit être examiné initialement par un juge seul*

(2) L'appel doit être examiné par un juge.

(3) S'il estime que l'appel est suffisamment fondé pour que l'intimé doive faire une plaidoirie, le juge appose une mention sur le dossier à cet effet et le greffier transmet dès lors à l'intimé des copies de l'avis d'appel, les observations écrites de l'appellant, si elles ne sont pas incluses dans l'avis d'appel, ainsi qu'une note portant que les observations de l'intimé en réponse à l'appel devraient être faites par écrit dans les 20 jours de la réception du document du greffier et que quatre copies de celles-ci devraient être déposées auprès du greffier.

##### *Procédure si le juge estime que l'appel devrait être rejeté*

(4) S'il estime que l'appel n'est pas suffisamment fondé pour que l'intimé doive faire une plaidoirie, le juge rédige une ébauche des motifs du jugement rejetant l'appel, et il renvoie l'appel avec les motifs à deux membres de la formation pénale.

(5) Si les deux membres de la formation pénale sont d'accord avec le juge et signent les motifs de jugement, l'appel est rejeté, et les motifs du rejet sont traités comme un jugement en délibéré.

##### *Procédure lorsque la formation pénale demande une plaidoirie du poursuivant*

(6) Si l'un des deux membres de la formation pénale estime que des observations écrites devraient être exigées de l'intimé, le paragraphe (3) qui visent le cas où une plaidoirie est exigée de l'intimé s'appliquent.

(7) Lorsque l'intimé a été tenu de faire des observations, une copie de celles-ci est transmise à l'appellant par le greffier, accompagnée d'une note portant qu'il peut répondre par des observations écrites dans les 14 jours de la réception des observations de l'intimé.

(8) Lorsque la réponse de l'auteur de la motion, sous la forme d'observations écrites, a été reçue ou lorsque le délai de présentation des observations est écoulé, l'appel est renvoyé à la formation pénale pour qu'elle rende une décision, laquelle motive son jugement par écrit, et les motifs sont traités comme un jugement en délibéré.

##### *La formation pénale peut exiger des observations orales*

(9) Malgré le paragraphe (8), la formation pénale qui examine l'appel en vertu de ce paragraphe peut ordonner que l'appel soit mis au rôle d'audience et, dans ce cas, elle peut exiger que le procureur général organise la comparution de l'appellant à l'audience.

15. Period spent in pre-trial/pre-sentence incarceration<sup>2</sup>
16. Parole Eligibility date<sup>3</sup>
17. Statutory release date<sup>4</sup>
18. Names of co-defendants and sentences imposed for offences upon which they were convicted<sup>5</sup>
19. Does the defendant have a prior criminal record<sup>6</sup>
20. Present employment<sup>7</sup>
21. Present Marital status<sup>8</sup>
22. Appellant's present age and age at time of offence

---

<sup>1</sup>Note that these Rules require that the Release order be placed in the Appeal Book

<sup>2</sup>Where the incarceration was due to circumstances other than detention on the charges under appeal this should be made clear. Thus if for a portion of the time the defendant was serving sentence on another offence either this period should not be included or there should be a note to this effect.

<sup>3</sup>This date is available from the sentence administrator of the institution where the defendant is incarcerated. Where the defendant is serving sentence for other offences other than the offence under appeal this should be made clear in a note.

<sup>4</sup>This date is available from the sentence administrator of the institution where the Appellant is incarcerated.

<sup>5</sup>Where the defendant relies on disparity as a ground for varying the sentence additional details may be necessary and should be included in Part II of the Factum. These details would include the co-defendant's criminal record, reference to the judge's reasons for the sentence imposed on the co-defendants, the involvement of the co-defendant, whether the co-defendant was convicted of other offences so that the totality principle affected the sentence, and any other information which would put the allegation of disparity in its proper context.

<sup>6</sup>If the defendant has a prior criminal record it should be set out in detail in Part II of the Factum and should include reference to convictions for offences under the same statute as the offence being appealed.

<sup>7</sup>In addition to present employment a fuller history of employment should be set out in Part II of the Factum. If the defendant is in custody then refer to employment at time of conviction or sentence.

<sup>8</sup>Where relevant the history of the defendant's marital status should be referred to in Part II of the Factum

23. Was there a pre-sentence report prepared<sup>9</sup>
24. Were there any medical, psychological, psychiatric or similar reports referred to or filed at the sentence proceedings<sup>10</sup>
25. Was there a joint submission and if so what was it<sup>11</sup>
26. If no joint submission briefly set out the position of prosecutor and defence counsel on the sentence proceedings<sup>12</sup>
27. Will there be an application to admit fresh evidence and if so does the Respondent consent to its admission<sup>13</sup>

---

<sup>9</sup>If there was a pre-sentence report prepared its contents should be briefly summarized in Part II of the Factum. In addition the entire report must be included in the Appeal Book.

<sup>10</sup>Where relevant the contents of such reports should be briefly summarized in Part II of the Factum. In addition the complete report must be included in the Appeal Book, whether or not it was formally marked as an exhibit on the proceedings.

<sup>11</sup>A joint submission would include where counsel have agreed on a range of sentences to be submitted to the trial Judge.

<sup>12</sup>The "position" of counsel may simply be that the sentence should take a particular form i.e. incarceration, or may be more specific i.e. a specified term of months or years. If counsel did not make any suggestion as to the type or length of sentence this should be indicated as well.

<sup>13</sup>Where the Respondent consents to the admission of fresh evidence on the appeal this evidence may be included in the Appeal Book or filed separately and reference may be made to the evidence in Part II of the Factum. No notice of motion is required, provided that the material is clearly identified as fresh evidence and the Respondent has consented to its admission. Where the Respondent opposes the admission of the fresh evidence then the counsel must prepare a notice of motion returnable on the date of the appeal. The evidence itself should be filed with the notice of motion but in a sealed envelope. There must be sufficient copies for the members of the Court.

17. Date de libération légale<sup>4</sup>
18. Noms des codéfendeurs et sentences imposées pour les infractions dont ils ont été déclarés coupables<sup>5</sup>
19. Le défendeur a-t-il déjà un casier judiciaire?<sup>6</sup>
20. Emploi actuel<sup>7</sup>
21. Statut matrimonial actuel<sup>8</sup>
22. Âge actuel de l'appelant et âge au moment de l'infraction

---

<sup>1</sup>À remarquer que les présentes règles exigent que l'ordonnance de mise en liberté soit placée dans le dossier d'appel.

<sup>2</sup>Il faudrait préciser si l'emprisonnement est dû à des circonstances autres que la détention résultant des accusations qui sont portées en appel. Ainsi, si, pendant une partie du temps, le défendeur purgeait sa sentence pour une autre infraction, il faudrait soit exclure la période en question, soit en faire mention.

<sup>3</sup>Cette date est disponible auprès de l'administrateur de la sentence de l'établissement où le défendeur est emprisonné. Si le défendeur purge une sentence pour des infractions autres que celle portée en appel, il faudrait le mentionner clairement.

<sup>4</sup>Cette date est disponible auprès de l'administrateur de la sentence de l'établissement où l'appelant est emprisonné.

<sup>5</sup>Si le défendeur invoque une disparité comme motif pour faire modifier sa sentence, des détails supplémentaires peuvent être nécessaires et devraient être inclus à la partie II du mémoire. Ces détails comprendraient notamment le casier judiciaire du codéfendeur, une mention des motifs sur lesquels le juge s'est fondé pour imposer leur sentence aux codéfendeurs, la participation du codéfendeur, la question de savoir si le codéfendeur a été déclaré coupable d'autres infractions de sorte que le principe de la totalité a influé sur la sentence et tout autre renseignement qui permettrait de placer l'allégation de disparité dans un contexte approprié.

<sup>6</sup>Si le défendeur a un casier judiciaire, il faudrait l'énoncer en détail à la partie II du mémoire et mentionner les déclarations de culpabilité prononcées pour des infractions visées à la même loi que l'infraction portée en appel.

<sup>7</sup>Outre l'emploi actuel, il faudrait énoncer le dossier d'emploi plus en détail à la partie II du mémoire. Si le défendeur est détenu sous garde, il faut mentionner l'emploi au moment où la déclaration de culpabilité ou la sentence a été prononcée.

<sup>8</sup>Le cas échéant, les antécédents du défendeur en ce qui a trait à son statut matrimonial devraient être mentionnés à la partie II du mémoire.

23. Y a-t-il eu préparation d'un rapport présentenciel?<sup>9</sup>
24. Y a-t-il eu mention ou dépôt de rapports médicaux, psychologiques, psychiatriques ou autres au cours des délibérations sur la sentence?<sup>10</sup>
25. Y a-t-il eu une présentation conjointe? Dans l'affirmative, quelle était-elle?<sup>11</sup>
26. S'il n'y a pas eu de présentation conjointe, énoncez brièvement la position du poursuivant et de l'avocat de la défense au cours des délibérations sur la sentence?<sup>12</sup>
27. Y aura-t-il une requête en vue d'admettre une nouvelle preuve et, dans l'affirmative, est-ce que l'intimée y consent?<sup>13</sup>

---

<sup>9</sup>Si un rapport présentenciel a été préparé, son contenu devrait être résumé brièvement à la partie II du mémoire, et le rapport au complet doit être inclus dans le dossier d'appel.

<sup>10</sup>Le cas échéant, le contenu de tels rapports devrait être résumé brièvement à la partie II du mémoire, et les rapports au complet doivent être inclus dans le dossier d'appel, qu'ils soient ou non officiellement inscrits comme pièces à conviction lors de l'instance.

<sup>11</sup>Une présentation conjointe mentionnerait si les avocats se sont entendus sur une gamme de sentences à suggérer au juge de première instance.

<sup>12</sup>La «position» de l'avocat peut simplement se limiter à suggérer que la sentence prenne une forme particulière, par exemple une peine d'emprisonnement, ou être plus précise, par exemple un nombre de mois ou d'années précis. Si l'avocat n'a fait aucune suggestion quant au genre ou à la durée de la sentence, il faudrait également le mentionner.

<sup>13</sup>Si l'intimé consent à ce qu'une nouvelle preuve soit admise au cours de l'appel, celle-ci peut être incluse dans le dossier d'appel ou déposée séparément et elle peut être mentionnée à la partie II du mémoire. Aucun avis de motion n'est exigé, à condition que les documents soient clairement identifiés comme une nouvelle preuve et que l'intimé ait consenti à son admission. Si l'intimé s'oppose à ce que la nouvelle preuve soit admise, l'avocat doit alors préparer un avis de motion qui est rapportable à la date de l'appel. La preuve proprement dite devrait être déposée avec l'avis de motion, mais dans une enveloppe scellée. Un nombre suffisant de copies doit être prévu pour les membres du tribunal.

<sup>14</sup>Si les faits sont compliqués et assez longs à énoncer, l'avocat peut décider d'en donner une vue d'ensemble dans un paragraphe.
